

Wi-Fi® RANGE EXTENDER

Extend your Wi-Fi coverage throughout the home

Extend your wi-fi range with the Belkin Wi-Fi Range Extender. Enjoy your tablet, laptop or smartphone just about anywhere in the home. Simply plug into any power outlet, follow the Simple Start install process and be up and running in minutes. The Belkin Wi-Fi Range Extender works with any router brand, is G and N technology compatible and is the perfect solution for better Wi-Fi coverage.

Benefits

Eliminate Wi-Fi dead zones:

Wi-Fi Speed: Up to 300Mbps*

Easy Installation in minutes:
CD less setup with Simple Start

Compact Design: Easy placement
throughout the home

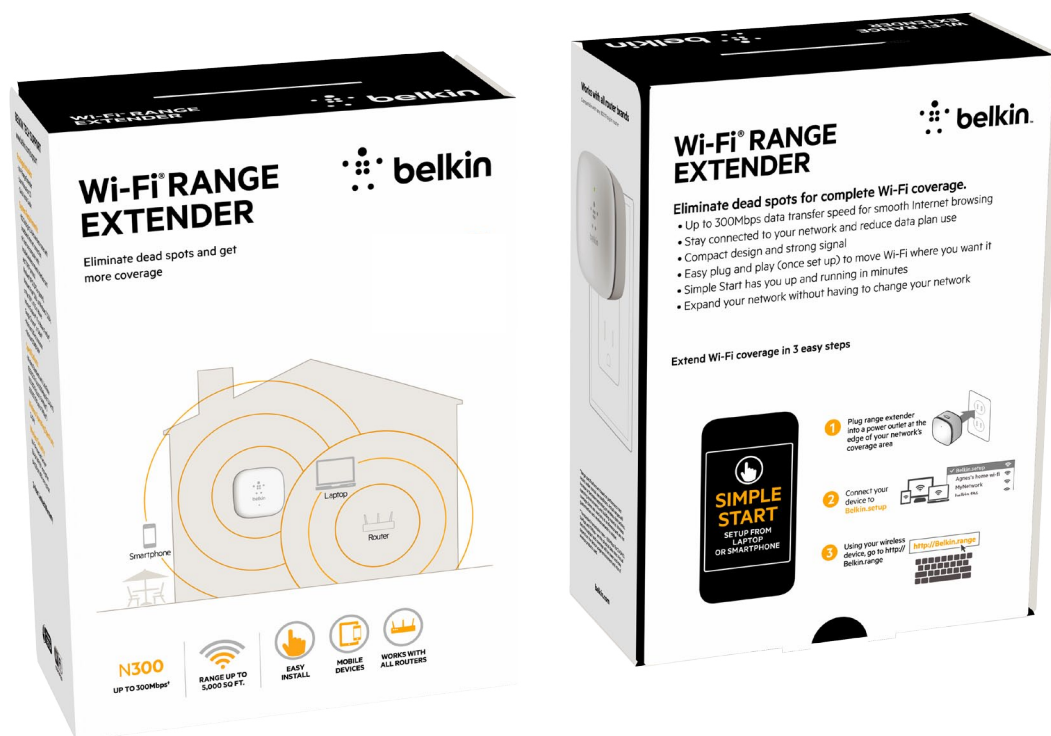

Easy Compatibility: Works with any
G and N router or Wi-Fi device

*Range specifications are based on performance test results under normal use conditions. Actual ranges will increase or decrease depending on wireless obstructions, operating environments, and building material. Wireless coverage claims are used only as a reference and are not guaranteed as each wireless network is unique.

*The standard transmission rates—300Mbps (for 2.4GHz), 54Mbps, and 11Mbps—are the physical data rates. Actual data throughput and coverage will be lower and may depend on the device usage environment and mix of wireless products used.

Wi-Fi® RANGE EXTENDER

Package Includes:

- Belkin Wi-Fi Range Extender
- User Manual on CD
- Quick Install Guide

System Requirements:

- 802.11a/b/g/n 2.4GHz and/or 5GHz wireless router with broadband Internet connection
