

WHAT TO LOOK FOR IN A TREADMILL

FEATURED PRODUCT: REEBOK ZR9

ADEQUATE MOTOR SIZE

The ZR9 features a 2.0HP Continuous Duty Motor, keeping it running smooth and quiet.

LARGE ENOUGH RUNNING SURFACE

With a 130 x 41cm tread belt, the treadmill is long enough for the longest stride.

VARIABLE INCLINE LEVELS

Whatever your running preferences, the ZR9 offers 12 levels of electronic incline.

PROGRESS TRACKING

Speed, distance, time, pulse, incline and calories burned can all be monitored on the 7" LCD console display.

MONITORING HEART RATE

The ZR9 is equipped with hand pulse sensors via the handlebars to help you track your optimum heart rate.

AN ALL-IMPORTANT WARRANTY

A good treadmill comes with a good warranty to back it up. With the Reebok ZR9, you'll get a two year parts and labour, 10 year motor, and lifetime frame warranty.

COMPACT NATURE

The ZR9 can be easily folded thanks to its soft drop folding mechanism, enabling it to be stored away in a vertical position.

TRANSPORT WHEELS

...it can also be easily manoeuvred about the home on its transport wheels.

MP3 COMPATIBILITY

Workout to your favourite running soundtracks using the ZR9's integrated speakers and MP3 input.
