

Chad Valley Large Family Paddling Pool

Assembly & User Instructions - Please keep for future reference

365/0921

Assembly

Important

Age: 6+ years

The dimension of assembled product: L2.62M * W1.75M * H51CM

Important – Please read these instructions fully before assembly or use

These instructions contain important information which will help you get the best from your product and ensure safe and correct assembly, use and maintenance.

Safety Information

Important – Please read these instructions fully before assembly or use

OWNER'S MANUAL

Please read carefully and keep for future reference.

WARNING

Safety information

Carefully read, understand, and follow all information in the user manual before installing and using the mini-pool. These warnings, instructions, and safety guidelines address some common risks of water recreation, but they cannot cover all risks and dangers in all cases. Always use caution, common sense, and good judgment when enjoying any water activity. Retain this information for future use.

Non Swimmers safety

- Continuous, active, and vigilant supervision of weak swimmers and non-swimmers by a competent adult is required at all times (remembering that children under five are at the highest risk of drowning).
- Designate a competent adult to supervise the pool each time it is being used.
- Weak swimmers or non-swimmers should wear personal protection equipment when using the mini-pool.
- When the mini-pool is not in use, remove all toys and appealing objects from the water and the coping to avoid attracting children to the mini-pool.
- When the mini-pool is not in use, remove all toys or other objects from its surrounding that could be used by a child as a device to facilitate the access into the mini-pool (e.g. chairs, big toys, etc.).

Safety devices

- It is recommended to install a barrier (and secure all doors and windows, where applicable) to prevent unauthorized access to the mini-pool.
- Personal protective equipment, barriers, pool covers, pool alarms, or similar safety devices are helpful aids, but they are not substitutes for continuous and competent adult supervision.

Safety equipment

- Keep a working phone and a list of emergency phone numbers near the mini-pool.

Safe use of the mini-pool

- Encourage all users especially children to learn how to swim.
- Learn Basic Life Support (Cardiopulmonary Resuscitation - CPR) and refresh this knowledge regularly. This can make a life-saving difference in the event of an emergency.
- Instruct all mini-pool users, including children, what to do in case of an emergency.
- Never dive into any shallow body of water. This can lead to serious injury or death.
- Do not use the mini-pool when using alcohol or medication that may impair your ability to safely use the mini-pool.
- When pool covers are used, remove them completely from the water surface before entering the pool.
- Replace water regularly according to manufacturer recommendations and depending on hygienic conditions, cleanliness, clarity, odour, debris and stains.
- Use of chemicals in mini-pools without water circulation may result in direct contact with the chemicals or in areas of high chemical concentration resulting in injury to the users.
- If chemicals are occasionally used to reduce the frequency of water replacement, follow chemicals manufacturer instructions closely (especially never use more than recommended), assure the appropriate mixing of chemicals to avoid possible personal injuries and store chemicals out of reach of children.
- The use and installation of any electrical appliances around mini-pools shall be in accordance with the national regulations.
- Where applicable, remove any means of access from the mini-pool and store it out of reach of children whenever the mini-pool is not in use.
- Use of accessories not approved by the mini-pool manufacturer (e.g. ladders, covers, pumps, etc.) may result in risks of injuries or property damages.
- Use the signage as outlined below.
- Children can drown in very small amounts of water. Empty the pool when not in use.
- Do not install the mini pool over concrete, asphalt or any other hard surface.

Keep children under supervision in the aquatic environment.

No diving.

- Please read carefully and follow the safety warnings and safety signs on the pool wall.
- Selection of appropriate location to prevent the hazard of drowning of young children, install the mini-pool in a place where it is possible for the supervision to be constant;

PLEASE READ CAREFULLY AND SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

INSTALLATION INSTRUCTIONS

Installation of **POOL** usually takes only 10 minutes with 1 people.

1. Find solid, level ground and clear it of debris.

ATTENTION: Do not set up the pool under cables or under trees.

2. Take the pool out of package with care.
3. Spread out the pool and make sure the pool is right side up.
4. Open the safety valves and inflate with an air pump (pump is not included in this product), close the valves after inflation. (For inflatable pool only)

ATTENTION: Do not over inflate.

5. Begin to fill, once pool floor is slightly covered, smooth all wrinkles. Start at the center of pool and move to the outside.
6. Continue to fill the pool until the water capacity reaches 75%. Please kindly pay the utmost attention not to over fill the pool for security reasons.

WARNING: Do not leave pool unattended while filling with water.

7. Children can drown in very small amounts of water. Empty the pool when not in use.
8. Do not install the mini pool over concrete, asphalt or any other hard surface.
9. It is recommended to place the mini pool on a level surface at least 2 m from any structure or obstruction such as a fence, garage, house, overhanging branches, laundry lines or electrical wires.

DISASSEMBLY AND CLEAN

1. Check local regulations for specific directions regarding disposal of swimming pool water.
2. Drain the pool. **ATTENTION:** Do not leave the drained pool outside.
3. Open the safety valve and squeeze the valve at its base to deflate.
4. After deflation, use a damp cloth to clean.

MAINTENANCE

Warning: If you do not adhere to the maintenance guidelines covered herein, your health might be at risk, especially that of your children.

1. Replace the pool water regularly; unclean water is harmful to user's health.
2. Please contact your local retailer to obtain chemicals to treat the water in your pool. Be sure to follow the chemical manufacture's instructions.
3. Proper maintenance can maximize life of your pool.
4. See packaging for water capacity.
5. You may also purchase maintenance kit (including pool skimmer and pool vacuum), chemical floater and pool cover from your local pool retailers to help keeping pool water clean.

REPAIR

If a chamber is damaged, use the provided repair patch.

1. Completely deflate the product.
2. Clean and dry the damaged area.
3. Apply the provided repair patch and smooth out any air bubbles.

STORAGE

1. Make sure all water is drained from the pool. Once pool is completely dry, put the folded pool into the package.
2. Store in a cool, dry place and out of children's reach.
3. We strongly recommend the pool is disassembled during the off season (winter months).
