Instruction for use

1. Check the pack and make sure you have all of the parts.
2. Remove all plastic bags and dispose of safely.
3. Decide on an appropriate location for your product, make sure that you have plenty of space, a level surface and a clean dry area for assembly and locate. Always try to assemble the product as close as possible to the intended location.
4. Choose a location where the tree is to be displayed. Take out the tree stand, pull apart the legs of stand so that they are "X" shaped as **Fig.1**, place it on a flat surface.
5. Insert the pole with tapered end of the tree bottom into the tree stand and tighten the 3 screws on the stand.
6. Insert the middle tree section into the tree bottom and push down into position. The branches are hinged and will fold down easily. As shown **Fig. 2 & 3**
7. Insert the tree top into the middle tree section and push down into position. As shown **Fig. 3**
8. Finally shape the tree by arranging the tips on the branches to give the desired effect. Some tree styles have "side branches" attached to the main branch stem that require additional shaping as shown **Fig.4**. After shaping the complete tree the finished look should be natural and full.
