Simple Assembly Instructions - Please keep for future reference

## IMPORTANT

1. Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.
2. Check that you have all the component parts following the list on the back cover and familiarise yourself with each part before proceeding.
3. Take all the fittings out of the plastic bag and separate them into their groups.
4. Ensure you have enough space to lay out all the parts before assembly.
5. To avoid scratching it is recommended that you assemble the unit on a soft level surface.
