

BLUE WATER DIVE FILTER (FOR SUPER SUIT)

Designed for use with the Super Suit housing for HERO5 Black, the Blue Water Dive Filter provides colour correction while capturing footage at depths of 5 to 21 m (15 to 70 ft). Its red colour is ideal for blue water. The filter presses into place for quick, tool-free installation and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a microfibre bag and tether.

FEATURES + BENEFITS

Optimises Colour in Blue Water

Red filter compensates for blue water.

Premium-Quality, Scratch-Resistant Glass

High optical quality compared to plastic lens filters, for sharper image capture.

Easy to Use

Presses into place.
