Frosted Edge Mirror + Shelf

Simple Assembly Instructions - Please keep for future reference

IMPORTANT

1. Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.
2. Check that you have all the component parts following the list on the back cover and familiarise yourself with each part before proceeding.
3. Take all the fittings out of the plastic bag and separate them into their groups.
4. Ensure you have enough space to lay out all the parts before assembly.
5. To avoid scratching it is recommended that you assemble the unit on a soft level surface.

Assembly Instructions

Stage 1 – Fitting the Shelf

BS 7449:1991

Model / Catalogue Number: 832/2522

Retailer: ARG

Retailer address:

489-499 Avebury Boulevard, Saxon
Gate West, Central Milton Keynes,
Bucks, MK9 2NW

NOTE: This unit contains tempered glass of nominal thickness of 5mm and complies with Class C of BS 6206. If the glass is chipped or broken, replace with glass of the type described on this label. Consult the furniture retailer or agent with regard to obtaining a manufacturing specification of the shape for replacement glass quoting the model number, and batch number or date of manufacture of this item.

1. Insert the Plastic Plugs **D** onto the end of Long Tube **C** and Short Tube **G**. Ensure they are well fitted.
See fig. 1 and 2.
2. Use Screw **A** to fix the Short Tube **G** onto the Long Tube **C**.
See fig. 3.
3. Use the same method as in fig. 1 to 3 fix the other Tubes.

Assembly Instructions

Stage 2 – Wall Mounting

WALL MOUNTING: Hold the unit against the wall in the desired location and check if it is horizontal. Mark the wall to indicate where to drill the holes. See fig. 4.

IMPORTANT: When drilling into walls always check that there are no hidden wires or pipes etc. Make sure that the screws and wall plugs supplied are suitable for supporting the unit. Consult a qualified tradesperson if you are not sure.

NOTE: It would be useful to ask someone to help you at this stage.

1. Use the Wall Plug **B** to fit to the hole. Then screw in the Screws **C** through the unit into the Wall Plugs. See fig. 5.

Assembly Instructions

Stage 3 – Fitting the Mirror

NOTE: It would be useful to ask someone to help you at this stage.

1. Insert the Glass Supports (E) into the tubes.
See fig. 6.

CAUTION: When handling glass always take extra care. Ensure no children are in the assembly area.

2. Use Covers (F), Rubber Washers (D) and Plastic Washers (E) to fix the Mirror (B) onto the unit.
See fig. 7.

fig. 6

fig. 7

Assembly Instructions

Stage 4 – Finishing the Unit

1. Carefully place the Glass Shelf (A) onto the unit.
See fig. 8.

NOTE: Before use always make sure the unit is secure.

WARNING: Do not strike the glass with hard or pointed items.

Do not sit or stand on the glass surface, as this will cause a hazard.

When cleaning the glass use a damp cloth or chamois leather with washing up liquid.

Do not use washing powders or any other substances containing abrasives since these substances will scratch the glass.

It is essential that this unit be fixed to a wall with the fixings provided.

Care and Maintenance

Safety

To avoid any risk of suffocation to animals or children dispose of the plastic bags immediately.

Cleaning

As with all surfaces clean with a damp cloth and mild detergent, do not use bleach or abrasive products.

Fitting

From time to time please ensure there are no loose screws on the product.

A Guide to Wall Mounting & Fixings

IMPORTANT:

When drilling into walls always check that there are no hidden wires or pipes etc. Make sure that the screws and wall plugs being used are suitable for supporting your unit. Consult a qualified tradesperson if you are unsure.

HINTS:

- 1) General Rule  Always use a larger screw and wall plug if you are not sure.
- 2) Ensure you use the recommended drill bit to match the wall plug and hole size.
- 3) Ensure you drill the hole horizontally, do not force the drill or enlarge the hole.
- 4) Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure the plug is fitting below the ceramic tile to avoid splitting or cracking.
- 5) Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

Types Of Walls

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone, wood or plaster board.

No.1 "Standard" Wall Plug General Wall Materials

These come in various sizes and are made from plastic or sometimes wood fiber.

No.2 "General Purpose" Wall Plug Aerated / Breeze Block

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, a General Purpose Plug can be used.

A Guide to Wall Mounting & Fixings

No.3 "Shield Anchor" Wall Plug Heavy Loads

For use with heavier loads such as TV & HiFi Speakers and Satellite Dishes etc.

No.4 "Cavity Fixing" Wall Plug

For use with plaster board partitions or hollow wooden doors.

No.5 "Cavity Fixing - Heavy Duty" Wall Plug

For use when fitting or supporting heavy loads such as shelving, wall cabinets, coat racks.

No.6 "Hammer Fixing" Wall Plug

For use with walls stuck with plaster board. The hammer fixing allows it to be fixed to the wall rather than the plaster board. Always check the fixing is secure to the retaining wall.

CARE & MAINTENANCE

SAFETY

Always check the fitting and location to ensure your safety in and around the home.

FITTING

From time to time check the fitting to ensure the wall plugs or screws do not become loose.
