Safety and care advice

Important - Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on pages 2 and 3.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.
- Do not stand or put weight on the panels, this could cause damage.
- Assemble the unit as close to its final position (in the same room) as possible.

- Assemble on a soft level surface to avoid damaging the unit or your floor.

• **Note:** Only apply the glue once you are sure of the assembly.

- The wall plugs supplied are suitable for solid walls only. It is important that the correct type of fixing is used for your wall, seek professional advice if in doubt.

- Parts of the assembly will be easier with 2 people.

- If using power tools, please follow the safety instructions supplied with the tools.

- We do not recommend the use of power drill/ drivers for inserting screws, as this could damage

the unit. Only use hand screwdrivers.

- **Warning:** Before drilling, check the wall for hidden pipes and cables.

- Dispose of all packaging carefully and responsibly.

- **Warning:** The unit weighs approximately 5 kgs.

Please lift with care.

Glue safety - Take care when using glue, please follow the advice below

Skin contact: Remove contamination by washing with soap and water. This procedure should also be followed prior to eating and drinking.

Eye contact: Rinse immediately with clean water for 15 minutes and seek medical advice.

If swallowed: Seek medical advice immediately. If possible show product information or label to the medical advisor.
