Section I. Product and Company Identification	
Product name :	Triple Action Fountain Filter
CAS #	69011-20-7/645365-11-3/25038-59-9
Use	Water softening cartridge for pet fountain
Supplier	TOPOINT INTERNATIONAL CO., LTD
Emergency	Call your local poison control center

Section II. Hazards Identification	
WHMIS	Classification
Not Classified under WHIMS 1988	Not Classified under WHIMS 1988

Section III. Composition and Information on Ingredients			
Ingredients	Conc. (%)	CAS #	EC#
Ion Exchange Resin	35%	69011-20-7	
Activated Carbon	35%	64365-11-3	264-846-4
Pet Cotton	30%	25038-59-9	

Section IV. First Aid Measures	
Eye contact	Flush with copious quantities of water for a minimum of 15 minutes holding lids apart to ensure flushing of the entire surface. Seek medical attention.
Skin contact	Remove the contaminated clothes and flush with plenty of water and soap. In case of irritation seek medical attention.
Inhalation	If inhaled, remove patient to fresh air. If symptom persists, obtain medical attention.
Ingestion	Have conscious person drink several glasses of water. If symptoms develop, seek medical attention.

Section V. Fire Fighting Measures	
Suitable extinguishing media	
Use extinguishing media appropriate to surrounding fire conditions.	
Specific hazards arising from the chemical	
It is difficult to ignite granular material, but the activated carbon inside tends to burn slowly (smoulder) without producing smoke or flame. Can form toxic gases (CO) and fumes. Avoid stirring up dust cloud of the material.	
Special protective actions for fire-fighters	
Wear adequate personal protection to prevent contact with material or its combustion products. Self-contained breathing apparatus with a full-face piece operated in a pressure demand or other positive pressure mode.

Section VI. Accidental Release Measures

Person-related safety precautions	Rubber or plastic gloves. Safety glasses with slide shields.
Measures for environmental protection	Wear appropriate dust resistant clothing. DO NOT empty into drain. Not harmful to the environment.
Measures for cleaning/collecting	Isolate and contain spill. Use dry methods to collect spilled material. Avoid generating dust. Place collected material in a suitable container for reclamation or disposal.

Section VII. Handling and Storage

Good handling and housekeeping practices should be followed to minimize spills, generation of airborne dusts, and accumulation of dusts on exposed surfaces, Adequate ventilation is recommended to draw dust away from worker's breathing zones. Keep product away from incompatible material. Keep container closed and in upper position. Store in cool, well-ventilated area.

Section VIII. Exposure Controls and Personal Protection

Protective clothing	Safety glasses with slide shields. Wear appropriate dust resistant clothing.
Engineering controls	General ventilation is recommended.

Section IX. Physical and Chemical Properties

Appearance (physical state, color, etc) / Odor	Odourless gold/black granular material
Odor threshold	Data not available
pH	8 -10
Melting point / Freezing point	Data not available
Initial boiling point and boiling range	Data not available
Flash point	Data not available
Evaporation rate	Data not available
Flammability (solid, gas)	Data not available
Upper / Lower flammability	Data not available
Vapor pressure	Data not available
Vapor density	Data not available
Bulk density	Data not available
Solubility	Insoluble in water.
Partition coefficient: n-octanol/water	Data not available
Auto-ignition temperature	Data not available
Decomposition temperature	Data not available

Viscosity	Not applicable
-----------	----------------

Section X. Stability and Reactivity	
Instability conditions	This product is stable under normal conditions.
Conditions to avoid	Avoid heat, open flame, sources of ignition.
Materials to avoid	Not available
Hazardous decomposition products	Ion Exchange Resin and carbon
Hazardous polymerization	Does not polymerize.

Section XI. Toxicological Information	
Route of exposure	Conclusion / Remarks
Skin corrosion/irritation	Not corrosive or primary skin irritant, physical irritation can occur.
Serious eye damage/irritation	Possibility of corneal damage when eyes are exposed to the dust.
Respiratory or skin sensitization	Not available
Ingestion	Not available
Germ cell mutagenicity	Not available
Carcinogenicity	Not available
Reproductive toxicity	Not available
STOT-single exposure	Not available
STOT-repeated exposure	Not available
Aspiration hazard	Not available
Acute toxicity	There is no known deleterious effect.
Chronic Overexposure	There is no known deleterious effect.

Section XII. Ecological Information	
Ecotoxicity	Not available
Mobility	Not available
Persistence and Degradability	Not available
Bioaccumulation potential	Not available

Section XIII. Disposal Considerations	
Disposal recommendations	Dispose of in an approved landfill in accordance with federal, provincial and local regulations.
Regulatory disposal information	Not available

Section XIV. Transport Information	
Not classified
