NeoPix Ultra 2TV+

NPX644/INT

Based on unique sealed LED engine, the NeoPix Ultra 2TV+ projector has been muscled and tuned to deliver 75% more brightness, accurate colors and 2.5 times brighter than Ultra 2TV. With Android TV, your favorite content is always front and center. Whether you're looking for a new show on Netflix, Hulu or Disney+ to binge watch or just want to pick up where you left off, you get what you want, when you want it. Just ask the Google Assistant! You can also stream multimedia content from your mobile devices via Google Cast or play content directly from any USB stick.

The USB-C video connection ensures seamless connection with your Mac, PC, tablets and smartphones. Place it wherever you wish! Keystone, 4 corners correction and digital zoom corrections help eliminate crooked and distorted images for a perfectly proportioned picture even if the device is not in front of the wall. The powerful stereo speakers will provide a super sound and clear bass for a total cinematic immersion.
