

ASSEMBLY INSTRUCTION

URBAN DRILL TUNNEL

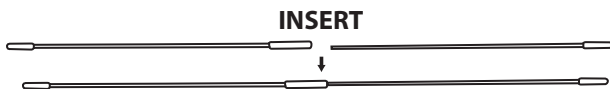

STEP 1

Remove all the components from the bag and confirm you have all parts from the parts list.

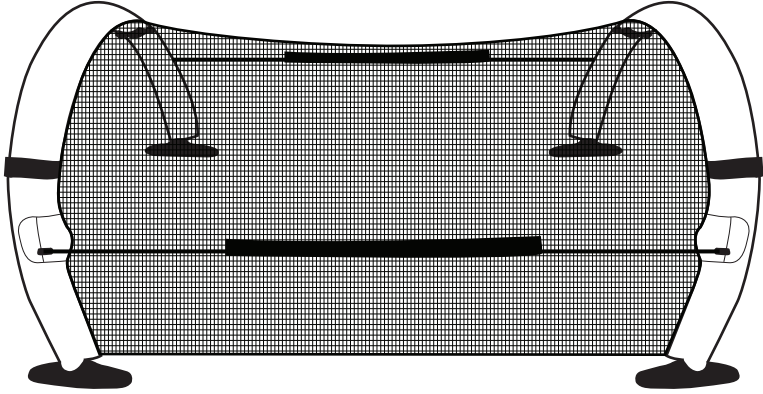

STEP 2

Join the fiber stick as shown in picture.

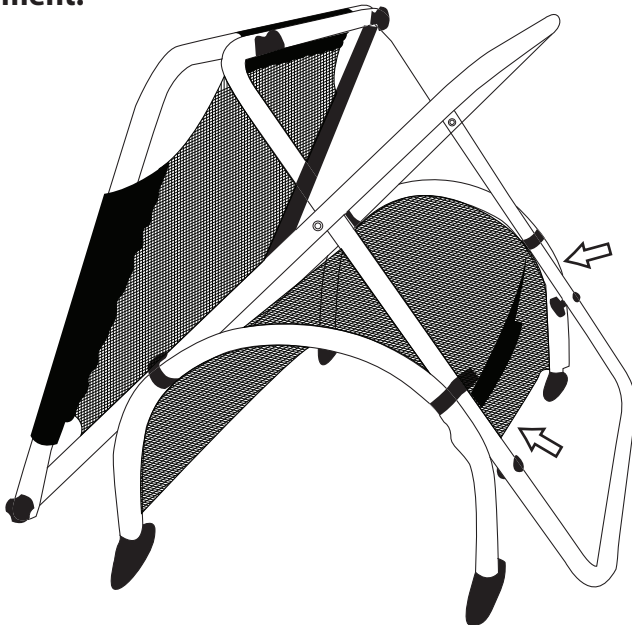

STEP 3

Insert both sets of fiber sticks into the two black sleeves and insert fiber sticks in the tunnel hole to create the frame.

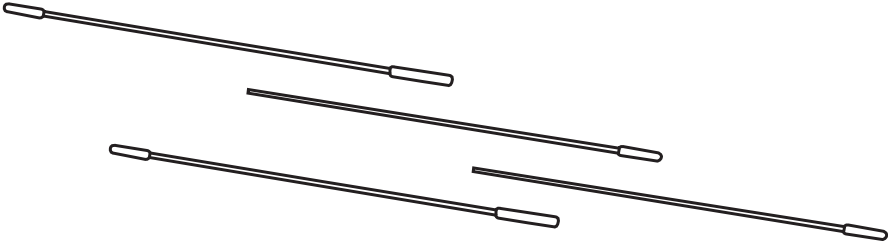

STEP 4

When using the tunnel with Soccer Skill trainer remove the fiber stick from the tunnel & attach the arches to the frame using velcro attachment.
