

TCP Smart Smart Lighting
WiFi LED Classic RGB

Smart LED Classic RGB WiFi Amazon Alexa & Google Home Smart device

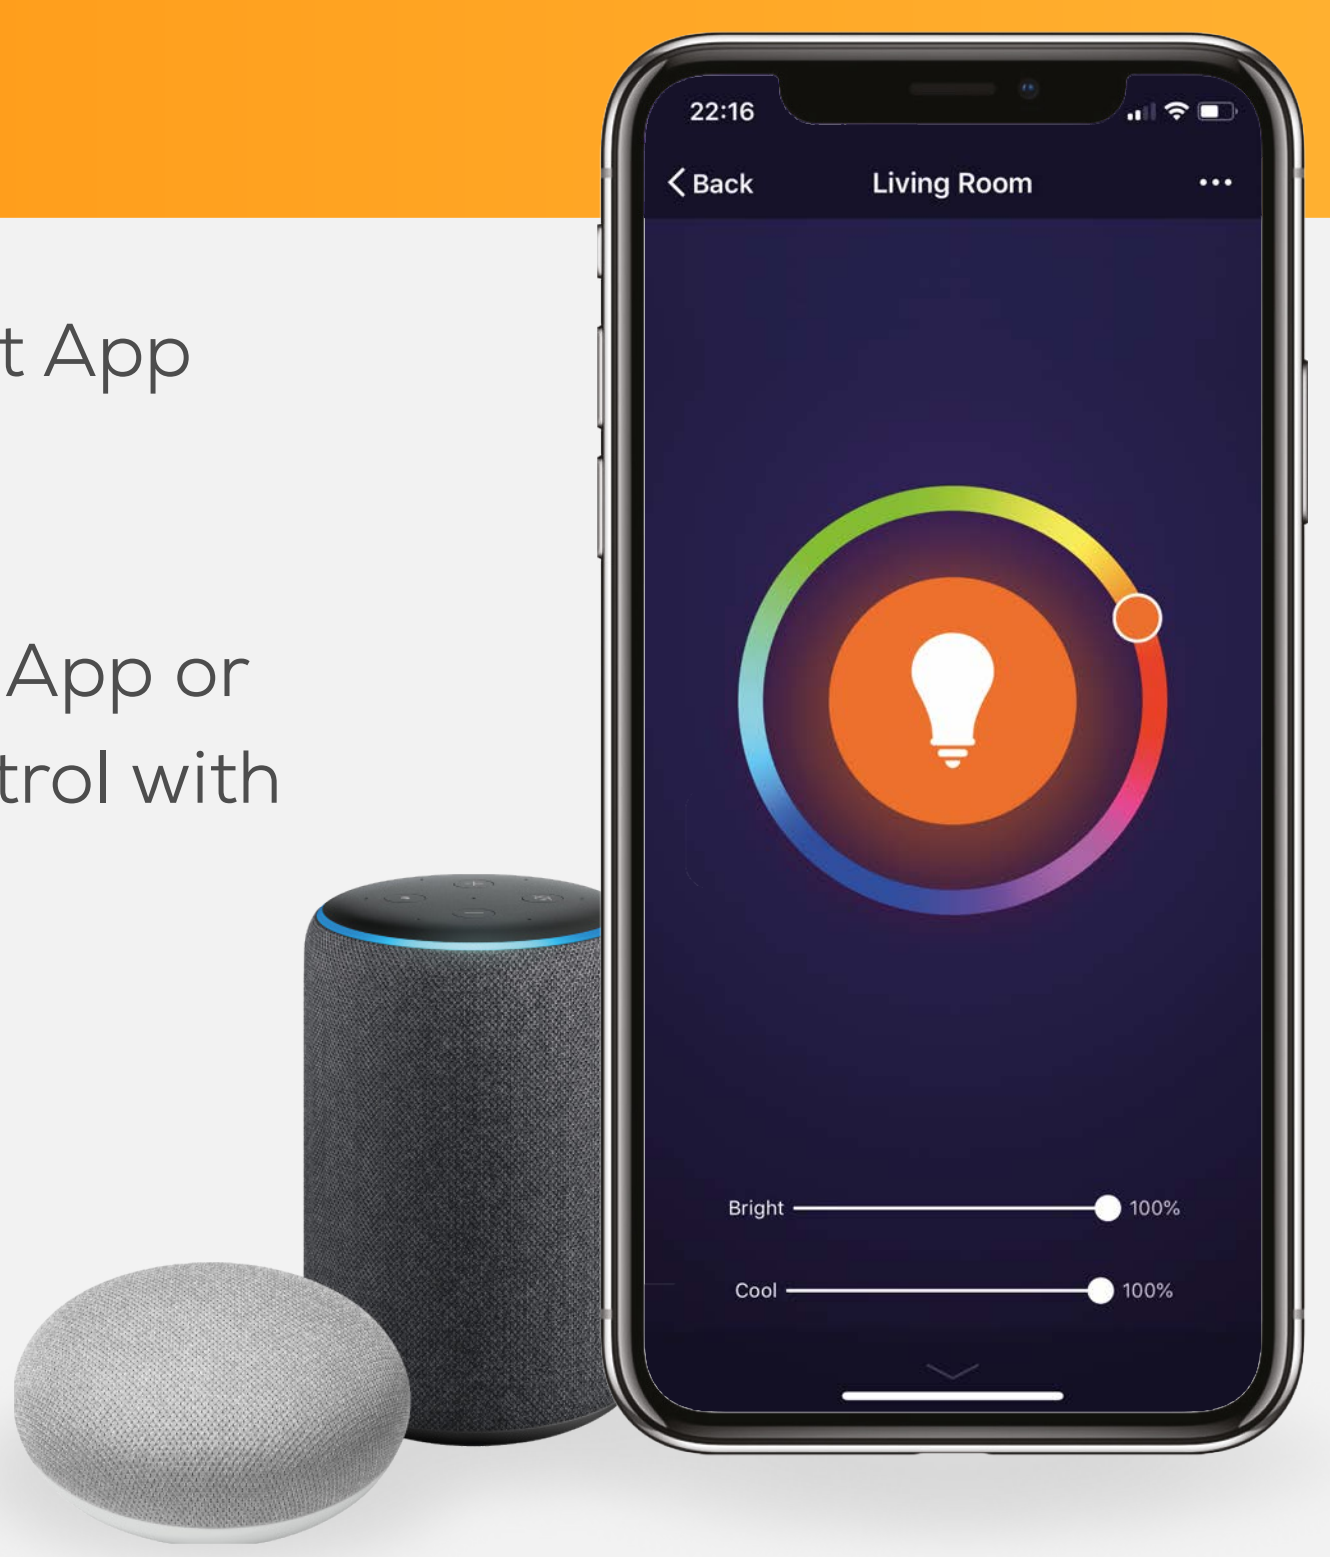

Fit. Connect. Play!
No hub, no subscriptions & no hassle.

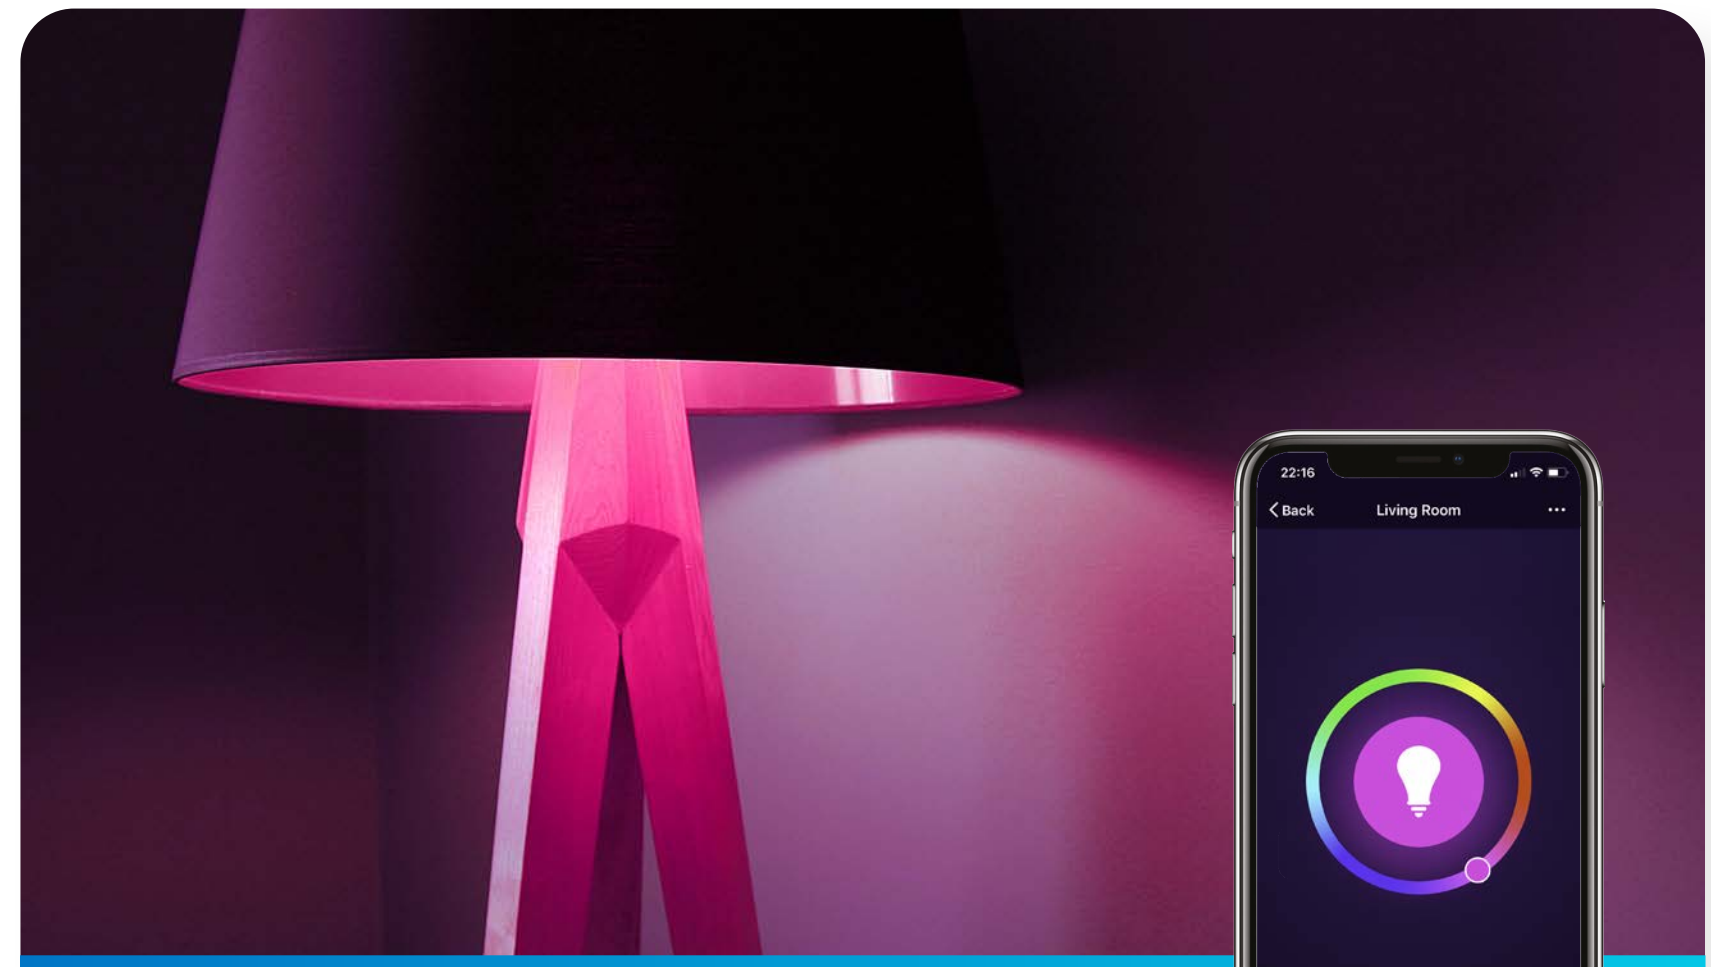

Easy set up, fit the lamp & connect to the TCP Smart App using your WiFi.

Once connected you can control your lamp with the App or pair with your Amazon Echo or Google Home to control with your voice.

- WiFi
- Smart device App: iOS & Android
- Colour changing & Warm white
- Smart schedules
- Control from anywhere

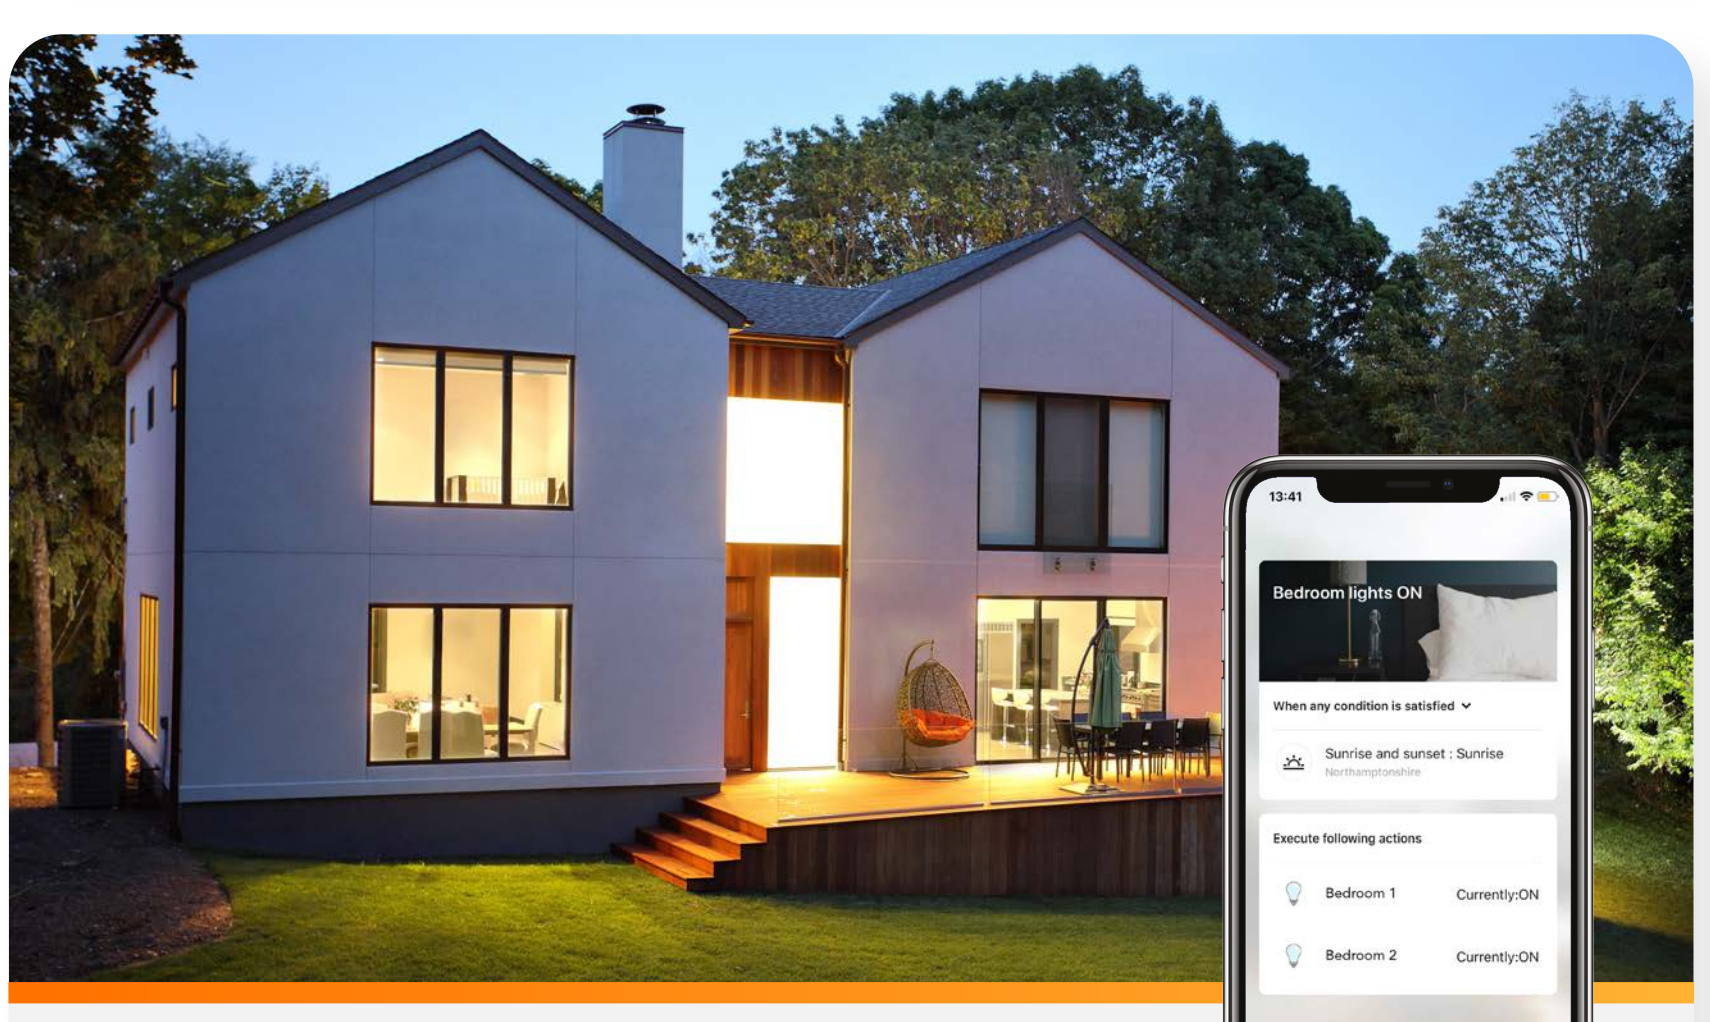

Voice control
Create the perfect lighting scene in any room with your voice using Amazon Alexa or Google Assistant or simply use the App from anywhere in the world.

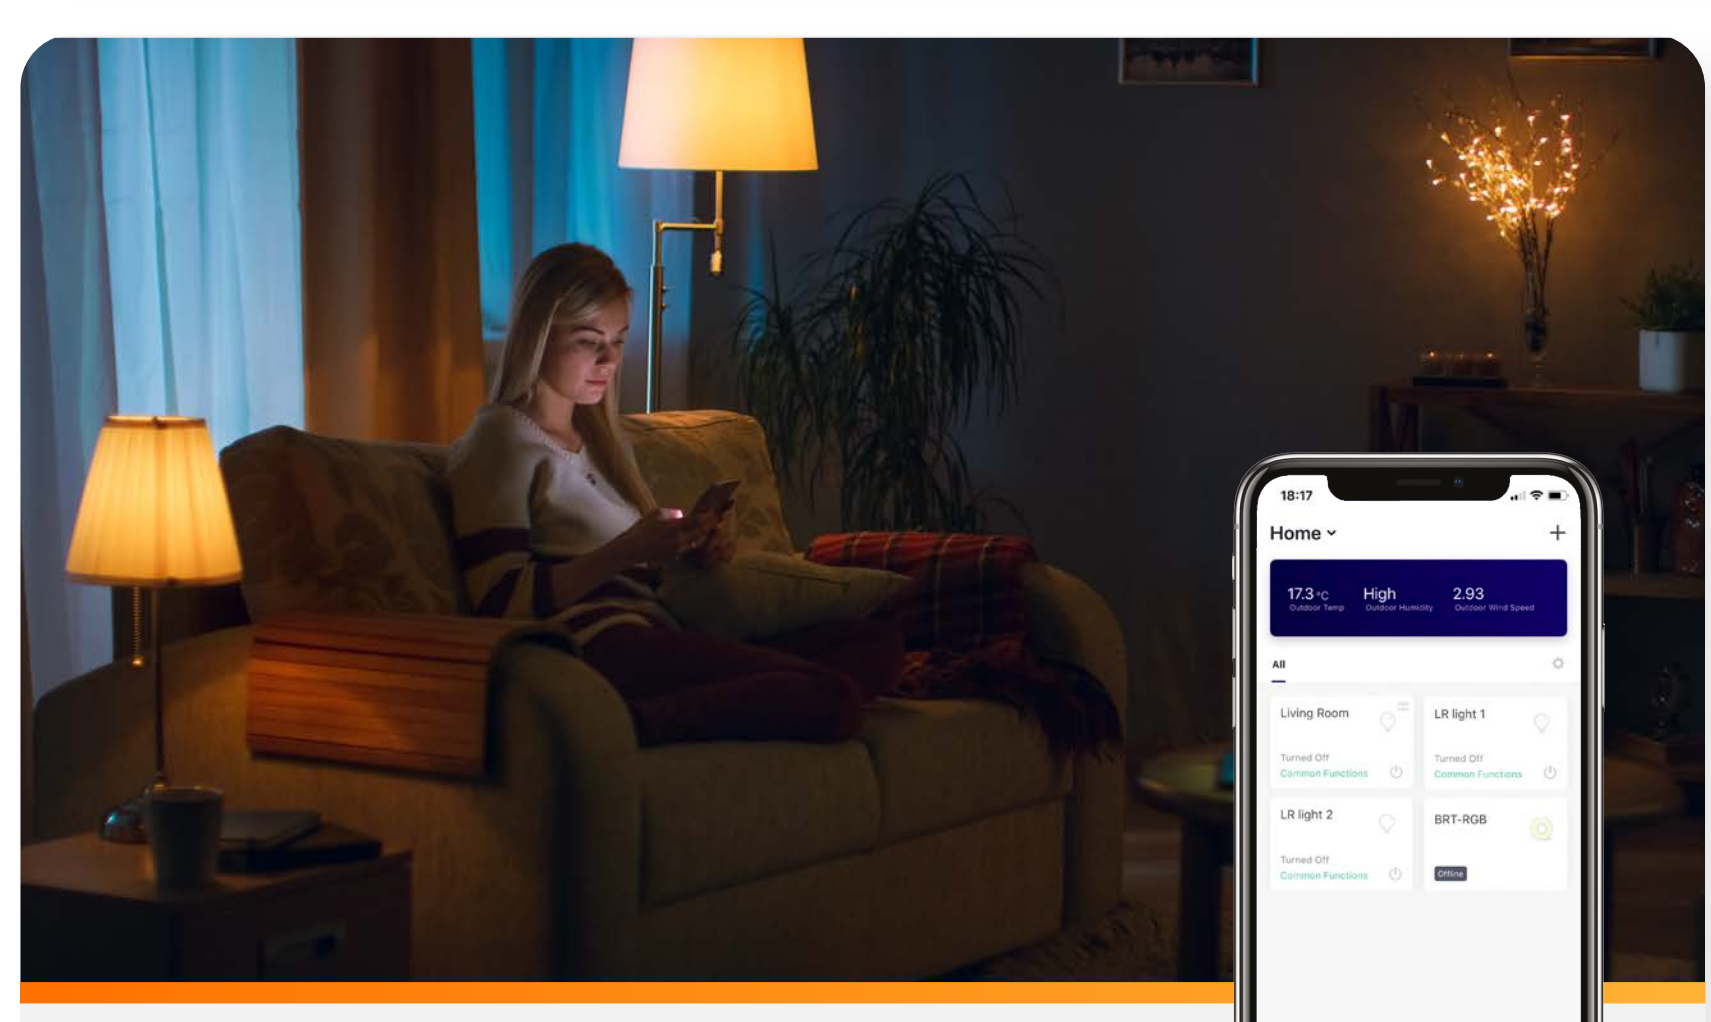

Colour changing
Set the right atmosphere with the choice of 16 million colours or use warm white as a standard light.

Both can be dimmed through smart assistants or devices.

Product grouping
Make your life easier with groups, you can group by lights, rooms or your entire home. Simply turn them all on in one single action.

Automation
Set timers or routines, to come on at specific times, sundown / sunrise or weather conditions.

You can even link them to your locations via LIFTTT.
