	Weight	0.9Kg

Overview

1. Front View

- 1 Auto Focus ToF Part
- 2 Auto Keystone
Note: Do not block the sensor to prevent keystone correction failures.

2.Button&input View

3.Bottom View

2 Remote Control Pairing

- Place the remote control within 10cm of the device, press "↶" and "⏠" simultaneously, an indicator light will begin flashing as the remote control enters pairing mode. Buttons can be released as soon as flashing begins, and the connection is successful when a "Ding" is heard.
- If pairing fails, after 30s repeat the above steps.

* Volume is adjusted add-subtract key when function switch is moved to the left (VOL).
* Focus is adjusted through add-subtract key when function switch is moved to the right (Focus).
