V16

The V16 is a neat gaming mouse with clean design, a statement of simplicity. With 5 essential buttons as well as a high-performance adjustable 2000 DPI sensor you can configure it to your heart's content. Moreover, its ergonomic shape ensures you will keep a firm grip on

it and can confidently play longer, plus it is suitable for both left- and right-handed use. Durability is also guaranteed thanks to its high-quality build and finish. Indestructible and with no gimmicks, with the V16 you will achieve victory after victory.

ADJUSTABLE 2000 DPI VPRO GAMING SENSOR

With the latest generation of VPRO Gaming Sensor, accuracy is no longer left to chance. Adjustable from 750 DPI to 2000 DPI, V16 enables you to have perfect control over your game.

BREATHING LIGHT SYSTEM WITH COLORS

The clean design is enhanced by a breathing light with cyclical changes, which gives this gaming mouse an elegant finish with simple yet eye-catching visual effect.

ERGONOMIC DESIGN

V16 is specially designed for comfortable use with both hands. The ergonomic shape ensures extremely firm grip for the perfect game control, and ability to keep playing longer.
