GAMING ILLUMINATED HEADSET

VH200

The VH200 offers simplicity, comfort and perfect sound quality, all essential for your gaming experience. Quality components and fantastic build quality at a fair price. With its over-year design, adjustable headband and the smart choice of materials, VH200 is very comfortable to wear even for longer time frames, and lets you focus on

your game thanks to its noise-isolating capabilities. The noise-cancelling microphone also enables clear smooth voice calls. In addition, the LED multi-color light system makes this headset a real eye-catcher.

NOISE-CANCELING MICROPHONE

Listen up: The built-in noise-cancelling microphone is hidden in the headset casing (pull type), and offers a high-quality voice transmission and smooth voice calls.

PROFESSIONAL SOUND QUALITY

The classic over-the-ear headset offers clear and very detailed sound. Professional sound adjustment and accurate positioning of the headset buttons enable convenient use and guaranteed audio pleasure during your game.

LED MULTI-COLOR LIGHT SYSTEM WITH 16 MILLION COLORS

What does it do? It turns blue. Or green, or... VH200 clean design is enhanced by LED multi-color light system with cyclical changes, which gives this gaming headset an elegant finish with simple yet eye-catching visual effect.
