Tefal ActiFry[®] 2 in 1

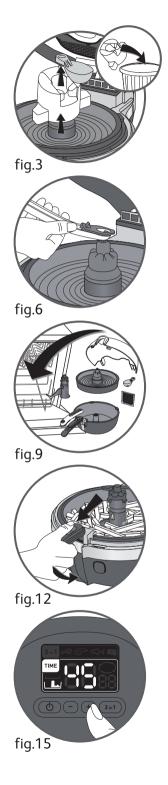

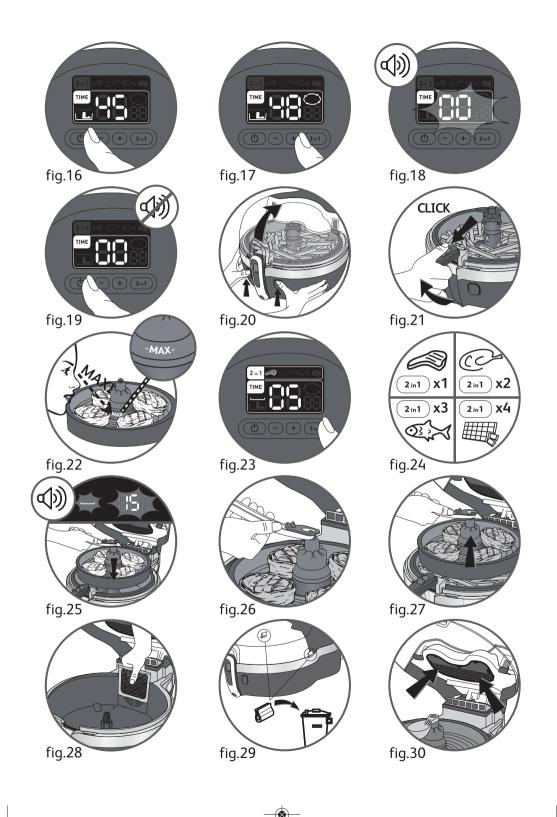

www.actifry.co.uk

Tefal Nutritious & Delicious

Innovating for your health

Nutrition is of course all about having a varied and balanced diet... but it's also more than that. The way we cook our food plays a vital role in its taste, texture and the nutritional value. Also because not all appliances are the same, **Tefat** has developed a range dedicated to NUTRITION FOR ADDED PLEASURE: ingenious kitchenware designed to safeguard the nutritional value whilst bringing out the real taste of the ingredients.

Combining the pleasure of good food with nutritional value: that's what the Nutritious and Delicious range is all about.

For Tefal, inventing **ActiFry**^{*} **2 in 1**, is about breaking new ground with a versatile appliance that can be used for practical eating to provide variety for everybody, every day.

Providing you with unique solutions

Tefal is investing in research to develop appliances which offer unrivalled nutritional performances, backed by scientific studies.

Keeping you informed

Tefal has always been the preferred choice for enjoyable, fast and practical ways of cooking your meals.

Day after day, the Nutritious and Delicious range from **Tefal** will help you share the pleasure of cooking using a balanced choice of foods, by:

- developing and preserving the qualities of the natural ingredients which are essential in your food,
- limiting the use of fats,
- encouraging a return to the tastes and flavours that we tend to have forgotten,
- keeping the time you spend preparing a meal to a minimum.

Within this range of products, **Acti**Fry^{*} **2** in **1** allows you to cook your main course and side dish with a small amount of oil and salt.

Welcome to the world of ActiFry² 2 in 1!

Here's how you can make your very own delicious meal.

It's our patented technology which makes the chips crisp and fluffy. You choose the ingredients, the oil, spices, herbs and seasoning... ActiFry^{*} 2 in 1 will take care of the rest.

Only 3 %* fat: 1 spoonful of oil is all you need!

One spoonful of oil of your choice is all you need to make 1.5 kg of real chips. The **ActiFry**^{*}**2** in **1** spoon has a salt measure on the underside which helps you to reduce the amount of salt you use without compromising on taste.

 * 1.5 kg of fresh potato chips, cut into chips with a cross section 13 mm x 13 mm, cooked until weight loss of -55 % with 20 ml of oil.

So much more than just ordinary steak and chips!

With **ActiFry**^{*} **2** in **1** you can cook a lot of different recipes. Put a bit of variety into your daily diet with some steak and chips, some tender stir-fry vegetables, delicious tasty minced meat, flavoursome prawns, fruits and more...

: the ActiFry 2 in 1

Also included is a book of recipes prepared by some top chefs and nutritionists. It's full of original ideas on how to make delicious and nutritional main meals, along with side dishes to accompany them, as well as desserts you can create for the whole of the family.

So that you can get the best results from your cooking, **Tefal** offers you special advice on potatoes and oils.

The potato: for an enjoyable and balanced diet every day!

Potatoes are a great food for everybody at every age. They are an excellent source of energy and are rich in vitamins. Depending on the varieties, the climatic conditions and cultivation, the potato can vary greatly in terms of: shape, size, quality of taste. Each one has its own characteristics. In respect of earliness, yield, size, colour, storage quality and directions for cooking. The cooking results may vary depending on the origin and seasonality.

What variety should be used for ActiFry* 2 in 1?

In general, we advise that you use potato varieties that are recommended for making chips such as Maris Piper and King Edward. For newly harvested potatoes which have a high moisture content, we advise that you cook your chips for an extra few minutes.

With ActiFry* 2 in 1 it's also possible to cook frozen chips. Because they are already pre-cooked, there is no need to add any oil.

Where should you store potatoes?

The best places to store potatoes are in a dark cellar, or a cool cupboard (between 6 and 8° C), away from any light.

How should potatoes be prepared for ActiFry[°] 2 in 1?

For best results, you must make sure that the chips do not stick together. For this we recommend you wash the peeled potatoes thoroughly before cutting them and then once again when they have been cut up, until the water has turned clear.

This will allow you to remove the maximum amount of starch. Carefully dry the chips using a dry and highly absorbent clean tea towel. The chips must be perfectly dry before they are put in the $ActiFry^* 2$ in 1.

How should the potatoes be cut?

The chip's crispiness and fluffiness depends on its size. The more thinly cut your chips are, the crispier they will be and vice-versa, the thicker they are the fluffier they will be on the inside. Depending on your preference, you can vary the size of your chips and change the cooking time accordingly:

Thickness: Thin American style: 8 x 8 mm / Standard: 10 x 10 mm / Thick: 13 x 13 mm Length up to 9 cm.

The maximum recommended chip thickness is 13×13 mm and a length of up to 9 cm.

Try using different oils which are good for you

If you fancy treating yourself to a different taste, then choosing one spoonful of a different oil is all you need. All the fatty acids which are essential for life can be found in vegetable oils. They all contain in different proportions, the nutrients which are essential for a balanced diet. It's important to vary the oils you use in order to provide your body with everything it needs! With $ActiFry^2$ in 1, you can use a very large variety of oils:

- Standard oils: sunflower, olive, corn, rapeseed*, grapeseed, groundnut (peanut), soya*.
- Flavoured oils: oils infused with herbs, garlic, peppers, lemon...
- Speciality oils: hazelnut*, sesame*, safflower*, almond*, avocado*, argan* (cooking time varies according to the manufacturer).

*Note: Some of these oils are not available in the UK.

The ActiFry^{*} 2 in 1 technology with its low quantity of fats, allows you to retain the good fatty acids which are essential for providing you with the energy you need.

With ActiFry^{*} 2 in 1, you can treat yourself and your friends too! To find out more or if you've any questions, please visit www.actifry.co.uk

Some helpful advice

- When using the appliance for the first time you may notice a harmless smell. This smell, which will not affect the appliance in any way, will quickly disappear.
- So as not to damage your appliance make sure you stick to the quantities of ingredients and liquid given in the instruction booklet and recipe book.
- Never overload the tray and do not exceed the recommended quantities.
- Never leave your 2in1 spoon in the appliance whilst it is on.
- Never place the tray in the appliance without the bowl.
- Never put the paddle in without the bowl.
- Never exceed the height indicated by the maximum level marker on the paddle and the maximum mark on the tray.
- Place the tray in the appliance when the reminder beep sounds and not at the beginning of cooking (except if the cooking time in the pan and the tray are the same).
- Never leave the appliance unattended whilst in operation.

Important recommendations Safety instructions

- Read these instructions carefully and keep them in a safe place.
- This appliance is not intended to be operated using an external timer or separate remote control system.
- For your safety, this appliance conforms with applicable standards and regulations (Directives on Low Voltage, Electromagnetic Compatibility, Materials in contact with food, Environment, etc.).
- Check that the voltage of your mains network corresponds to the voltage given on the rating plate on the appliance (alternative current).
- Given that there are so many different standards, if the appliance is to be used in a country other than that in which it was bought, have it checked by Approved Service Centre.
- This appliance is intended to be used only in the household. It is not intended to be used in the following applications, and the guarantee will not apply for:
- staff kitchen areas in shops, offices and other working environments;
- farm houses inns,
- clients in hotels, motels and other residential type environments,
- bed and breakfast type environments.
- Do not use the appliance if it or the power cord is damaged or if it has fallen and has visible damage or appears to be working abnormally. If this occurs, the appliance must be sent to an Approved Service Centre.
- For models with detachable power cords, only use the original power cord.
- If the power cord is damaged, it must be replaced by the manufacturer, an approved After-Sales Service or a similarly qualified person, in order to avoid any danger. Never take the appliance apart yourself.
- This product has been designed for domestic use only. Any commercial use, inappropriate use or failure to comply with the instructions, the manufacturer accepts no responsibility and the guarantee will not apply.
- Do not use an extension lead. If you nevertheless decide to do so, under your own responsibility, use an extension lead that is in good condition and compliant with the power of the appliance.
- Use the appliance on a flat, stable, heat-resistant work surface away from water splashes.
- Do not let the power cord dangle.
- Do not unplug the appliance by pulling on the power cord.
- Always unplug your appliance: after use, to move it, or to clean it.
- This appliance is not designed to be used by people (including children) with a physical, sensory or mental impairment, or people without knowledge or experience, unless they are supervised or given

prior instructions concerning the use of the appliance by someone responsible for their safety. Children must be supervised to ensure that they do not play with the appliance.

EN

- Certain parts of the appliance can become hot when the appliance is operating, which could cause burns. Do not touch the hot surfaces of the appliance (the lid, visible metal parts, etc).
- Never immerse your appliance in water!
- Please refer to the instructions booklet before cleaning or servicing your appliance.
- Do not use the instruction close to inflammable materials (blinds, curtains, etc), nor close to an external heat source (gas hob, hotplate, etc).
- In the event of fire, unplug the appliance and smother the flames using a damp tea towel.
- Never operate the appliance underneath kitchen cupboards.
- Never move the appliance when it still contains hot food.
- Never operate your appliance when empty.
- Never leave the appliance unattended whilst it is plugged in and switched on.

Protect the environment

- Your appliance has been designed to run for many years. However, when you decide to replace it, remember to think about how you can contribute to protecting the environment.
- Before discarding your appliance you should remove the battery from the timer and dispose of it at a local civic waste collection centre (according to model).
- The Approved Service Centres will take back any old appliances you may have so that they can be disposed of in accordance with environmental regulations.

Environment protection first!

① Your appliance contains valuable materials which can be recovered or recycled.
 ② Leave it at a local civic waste collection point.

<u>TEFAL / T-FAL*</u> INTERNATIONAL LIMITED GUARANTEE

🚛 : <u>www.tefal.com</u>

This product is **repairable** by TEFAL / T-FAL, during and after the **guarantee** period.

The Guarantee

This product is guaranteed by TEFAL / T-FAL (company address and details included in the country list of the TEFAL / T-FAL International Guarantee) against any manufacturing defect in materials or workmanship during the guarantee period within those countries as stated in the Country List on the last page of the user manual, starting from the initial date of purchase.

The international manufacturer's guarantee by TEFAL / T-FAL is an extra benefit which does not affect consumer's Statutory Rights.

The international manufacturer's guarantee covers all costs related to restoring the proven defective product so that it conforms to its original specifications, through the repair or replacement of any defective part and the necessary labour. At TEFAL / T-FAL's choice, a replacement product may be provided instead of repairing a defective product. TEFAL / T-FAL 's sole obligation and your exclusive resolution under this guarantee are limited to such repair or replacement.

Conditions & Exclusions

The international TEFAL / T-FAL guarantee only applies within the guarantee period and for those countries listed in the Country List attached and is valid only on presentation of a proof of purchase. The product can be taken directly in person to an authorised service centre or must be adequately packaged and returned, by recorded delivery (or equivalent method of postage), to a TEFAL / T-FAL authorised service centre. Full address details for each country's authorised service centres are listed on TEFAL / T-FAL website (www.tefal.com) or by calling the appropriate telephone number as set out in the Country List to request the appropriate postal address.

TEFAL / T-FAL shall not be obliged to repair or replace any product which is not accompanied by a valid proof of purchase.

This guarantee will not cover any damage which could occur as a result of misuse, negligence, failure to follow TEFAL / T-FAL instructions, use on current or voltage other than as stamped on the product, or a modification or unauthorised repair of the product. It also does not cover normal wear and tear, maintenance or replacement of consumable parts, or the following:

- using the wrong type of water or consumable,
- scaling (any de-scaling must be carried out according to the instructions for use),
- ingress of water, dust or insects into the product,
- mechanical damages, overloading,
- damages or bad results due to wrong voltage or frequency,
- accidents including fire, flood, thunderbolt, etc.
- professional or commercial use,
- damage to any glass or porcelain ware in the product,
- replacement of consumables.

This guarantee does not apply to any product that has been tampered with, or to damages incurred through improper use and care, faulty packaging by the owner or mishandling by any carrier.

The international TEFAL / T-FAL guarantee applies only for products purchased in one of the countries listed, <u>and</u> used for domestic purposes only in one of the countries listed on the Country List. Where a product purchased in one listed country and then used in another listed country:

a) The international TEFAL / T-FAL guarantee duration is the one in the country of usage of the product, even if the product was purchased in another listed country with different guarantee duration.

(🛞

- b) The international TEFAL / T-FAL guarantee does not apply in case of non conformity of the purchased product with the local standards, such as voltage, frequency, power plugs, or other local technical specifications.
- c) The repair process for products purchased outside the country of use may require a longer time if the product is not locally sold by TEFAL / T-FAL.
- d) In cases where the product is not repairable in the new country, the international TEFAL / T-FAL guarantee is limited to a replacement by a similar product or an alternative product at similar cost, <u>where possible</u>.

Consumer Statutory Rights

This international TEFAL / T-FAL guarantee does not affect the statutory rights a consumer may have or those rights that cannot be excluded or limited, nor rights against the retailer from which the consumer purchased the product. This guarantee gives a consumer specific legal rights, and the consumer may also have other legal rights which vary from State to State or Country to Country. The consumer may assert any such rights at his sole discretion.

Additional information

Accessories, consumables and end-user replaceable parts can be purchased, if locally available, as described on the TEFAL / T-FAL internet site.

* TEFAL household appliances appear under the T-FAL brand in some territories like America and Japan. TEFAL/T-FAL are registered trademarks of Groupe SEB.

TEFAL/T-FAL INTERNATIONAL GUARANTEE
