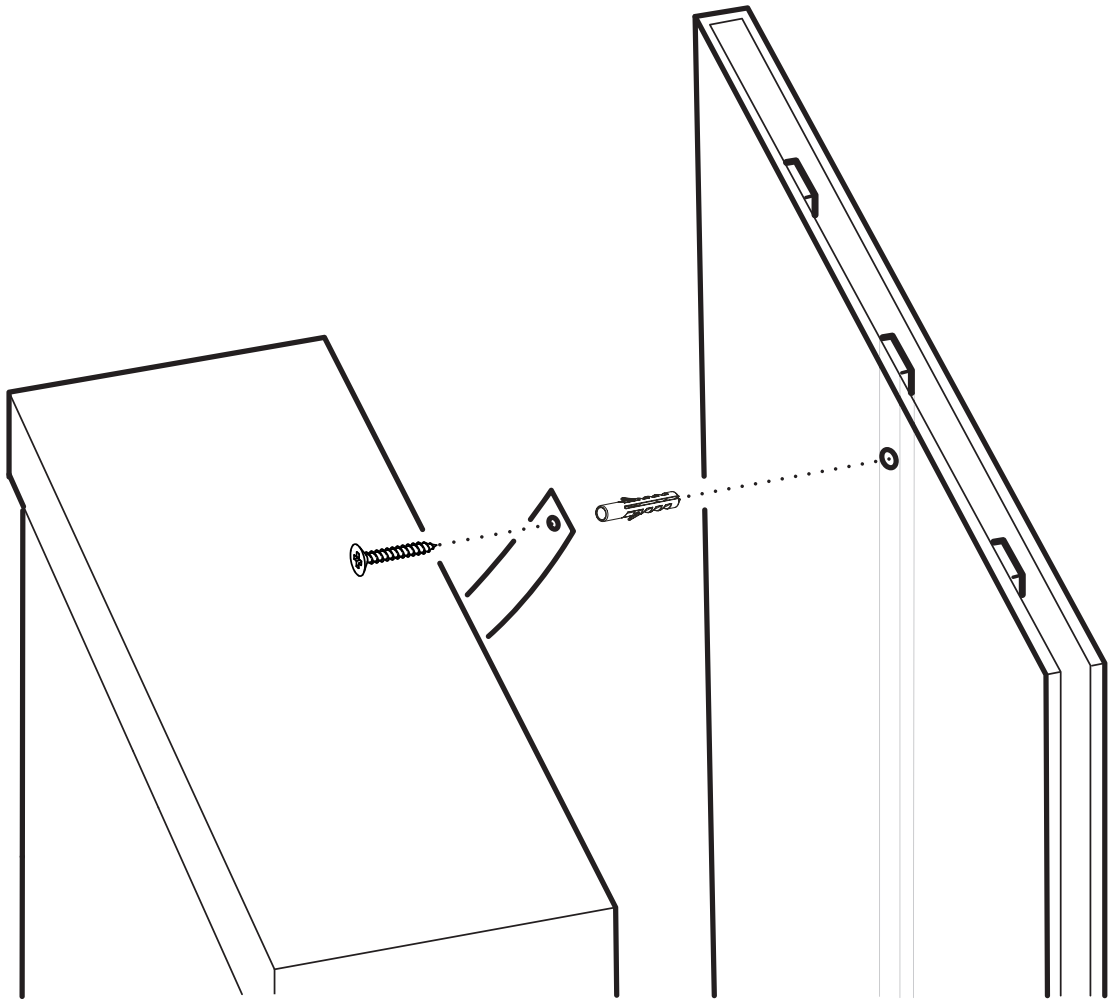
Wall Fixing Instructions

Important

When drilling into walls, always check that there are no hidden wires or pipes. Ensure that the screws and wall plugs being used are suitable for supporting the unit to be installed. If you are unsure, it is recommended that you contact a suitably qualified tradesperson.

Ensure you use a recommended drill bit to match the wall plug and hole size. Take extra care when drilling into high walls, ceilings, and ceramic tiles — ensure the wall plug is fitted below the ceramic tile to avoid splitting or cracking. Ensure the wall plugs are well fitted and are a secure fit in the drilled hole.



Information

Important Safety Notice

This product is **not suitable for use by children** or by individuals with **physical, sensory, or mental impairments** that may limit their ability to operate the equipment safely, **unless** they have been given supervision or instruction concerning the safe use of the product by a person responsible for their safety.

Do not modify the chair. Improper use may cause accidents and injuries.

Cleaning Maintenance

Do not clean the product with any abrasive cloths or chemicals. Solvents or detergents can cause damage to the surface. Periodically check and re-tighten fittings where necessary. Re-tighten all fittings after first week following assembly. To clean, sponge down with warm water, a soft cloth and mild detergent. Ensure you have all the pieces listed.

If you are missing any components, contact our customer services department at support@vonhaus.com

DO NOT proceed with assembly if any components are missing.

General Safety

The assembly pack may contain small parts which can pose a choking hazard to children and pets. Place on solid and even ground. Only use in an upright stable position. Do not overload the product as this may result in damage to the product or personal injury.

IMPORTANT! For assembly steps that require multiple screws, screw lightly and do not tighten until all screws are inserted and aligned. Re-tighten fittings every six months.

70kg/154lb: Maximum storage

Do not use power tools to assemble.

Do not climb on.

Always use the anti-tip straps or wall mounts provided to maintain safe product use.

CAUTION: Potential finger trap/pinchment points.
