# Make it smart Conexis® L2 Smart Lock

The Conexis® L2 Smart Lock puts you fully in control, giving you the freedom to secure your home without the need for a key.

**BSI Kitemark.** The ultimate mark of security, the British Kitemark testing ensures both the mechanical and electronic security of smart products is of the highest standard.

**Full Access Control.** Configure your lock settings and maintain full access control using the Yale Access app. Choose to open your lock with your smartphone, key tag or key card.

**Accessories.** Range of accessories to provide additional access methods sold separately, such as the Smart Keypad or Phone Tag.

**Doorsense™.** Be sure the door is closed, by checking the App.

**Auto unlock.** Automatic unlocking when you're nearby.

**Remote functions.** Unlock & monitor your door remotely by installing the Yale WiFi bridge.

**Guest access.** Manage access for anyone. Share Yale Virtual Keys with family, friends and trusted tradespeople, with the peace of mind that you can set user schedules, receive audit trails and revoke a key or credential when necessary.

**Secure push & thumbturn.** Protect against letterplate fishing and inquisitive children.

**DIY Fit.** Engineered for easy installation. The Conexis® L2 fits most PVC & composite doors, with 'lift to lock' 92mm centred, multi-point locks. Or add installation on to your purchase and let someone else do the hard work.

**Tamper alarm.** Protected by an internal alarm.

**Enhanced encrypted security.** Enhanced security & 2 Factor Authentication to prevent unauthorised access.

**Battery back-up.** Wake up your lock, even if that batteries are flat with the 9V battery connection port.

**2 Year Guarantee.**

Ask your voice assistant 'is my front door locked?' and it will confirm if the door is locked, unlocked or open.\*
