### Preparation

Installation usually takes 10 minutes with 1 person.

Recommendations regarding placement of the pool:

- It is essential the pool is set up on solid, level ground. If the pool is set up on uneven ground it can cause collapse of the pool and flooding, causing serious personal injury and/or damage to personal property. Setting up on uneven ground will void the warranty and service claims.

- Do not set up on driveways, decks, platforms, gravel or asphalt. Ground should be firm enough to withstand the pressure of the water; mud, sand, soft / loose soil or tar are not suitable.
- The ground must be cleared of all objects and debris including stones and twigs.
- Check with your local city council for by-laws relating to fencing, barriers, lighting and safety requirements and ensure you comply with all laws.

## Assembly

- Take the pool and accessories out of the carton with care and spread out the pool on to the selected site.
- Slowly fill the pool to a proper water level.

**ATTENTION:** Do not leave pool unattended while filling with water.

## Empty the pool

- Check local regulations for specific directions regarding disposal of swimming pool water.
- For the Fill 'N Fun pool, push down the wall of the pool to release the water.

All water to be released in 20 minutes.

**NOTE:** Drain by adult only!

## Pool Maintenance

**Warning:** If you do not adhere to the maintenance guidelines covered herein, your health might be at risk, especially that of your children.

- Change the water of pools frequently (particularly in hot weather) or when noticeably contaminated, unclean water is harmful to the user's health.
- Please contact your local retailer to obtain chemicals to treat the water in your pool. Be sure to follow the chemical manufacturer's instructions.
- Proper maintenance can maximize the life of your pool.
- See packaging for water capacity.

## Cleaning and Storage

- After use, use a damp cloth to gently clean all surfaces.
- **Note:** Never use solvents or other chemicals that may damage the product.
- Air dry the pool, once pool is completely dry, fold pool carefully and put back to its original packing. If pool is not completely dry, mould may result and will damage the pool.
- Store in a cool, dry place and out of children's reach.
- Check the product for damage at the beginning of each season and at regular intervals when in use.

## Repair

- If a chamber is damaged, use the provided repair patch.
- Clean area to be repaired.
