▲ Safety Information

Important - Please read fully before assembly or use

This exercise equipment is built for optimum safety. However, certain precautions apply whenever you operate a piece of exercise equipment. Be sure to read the entire manual before you assemble, operate or use this equipment

Assembly

• The product must be installed on a stable and level surface.

• Assemble the item as close to its final position (in the same room) as possible.

• Make sure you have enough space to layout the parts before starting.

• Keep children and animals away from the exercise area, small parts could pose a choking hazard if swallowed.

Dispose of all packaging carefully and responsibly.
Check you have all the components and tools listed in the parts list, bearing in mind that, for ease of assembly, some components are pre-

assembled.
The assembly of this equipment is best carried out

• The assembly of this equipment is best carried out by 2 people.

Use

• It is the responsibility of the owner to ensure that all users of this product are properly informed as to how to use this product safely.

This product is intended for domestic use only.
 Do not use in any commercial, rental, or institutional setting.

• Use the equipment only for intended use, as described in this manual. Do not use attachments not recommended by the manufacturer.

Keep this equipment indoors, away from moisture and dust. Do not put the equipment in a garage, outbuilding, covered patio, or near water.
Your product is intended for use in clean dry conditions. You should avoid storage in excessively cold or damp places as this may lead to corrosion and other related problems that are outside our control.

• Keep unsupervised children away from the equipment.

Disabled persons should not use the equipment without a qualified person or doctor in attendance.
Always wear appropriate workout clothing when exercising. **Do not** wear loose or baggy clothing, as it may get caught in the equipment. Wear trainers to protect your feet while exercising. **Do not** place any sharp objects around the equipment.

- ne equipment.

Workout Area

The free area must be at least 0.6m greater than the training area. This is a space where you can safely dismount, without obstruction, in case of an emergency. Where two pieces of equipment are positioned adjacent to each other the free area may be shared.

Only one person should be within the training area when the equipment is in use.

Workout Information

If you have not exercised for a while or are unsure as to how to use this equipment we recommend that you seek medical and professional advice to using the Men's Heath Folding Bench.

Every individual will have their own training goals and will need to workout at different levels to achieve the desired result.

It is advised that you make sure that you have an understanding of the muscle groups you will be using and the correct form needed to use this equipment safely. It is also recommended that you make sure that you exercise safely and always ensure you have sufficient time to warm-up and cool-down before and after exercise.

FREE WORKOUT RESOURCES

Go to Menshealth.co.uk/workout to explore our FREE online workout library.

The Men's Health workout library allows you to select and tailor programmes according to your very own training goals.

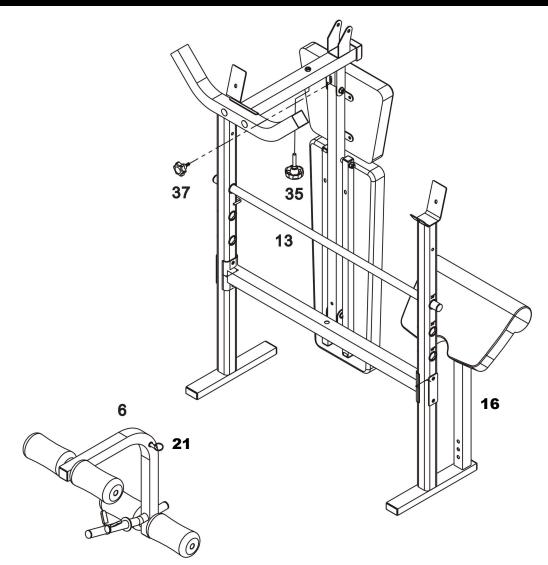

Choose your workout based on difficulty, time available, muscles worked and equipment available.

You'll also find an exercise directory to show you how to perform individual exercises with the correct form to help you optimise your workout.
