#### I DO NOT SEE JLAB JBUDS BAND IN MY DEVICE

Turn Bluetooth off and then back on in device settings.

If you still do not see JLab JBuds Band, repeat FIRST TIME SETUP: BLUETOOTH PAIRING directions.

## JLAB JBUDS BAND DOES NOT RECONNECT TO MY DEVICE AFTER POWERING ON

In device settings, forget JLab JBuds Band.

Turn Bluetooth off then back on in device settings.

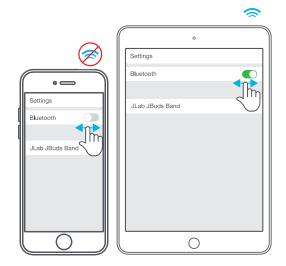

Repeat FIRST TIME SETUP:
BLUETOOTH PAIRING directions.

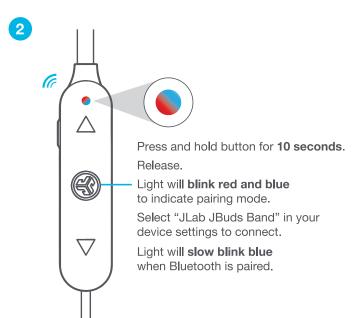

# **BLUETOOTH IS CONNECTING TO AN UNWANTED DEVICE**

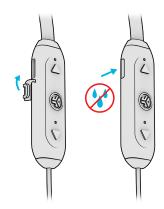

Note: The JLab JBuds Band can remember up to 8 devices. It will try to auto-connect to last device used.

If you have more than one device that was connected to JLab JBuds Band, turn OFF Bluetooth on unwanted devices and turn ON Bluetooth on chosen device.

## WARNING

Make sure USB door is closed and fastened.

This will protect against sweat and water damage.

Before charging, JLab JBuds Band headset needs to be fully dry.

If there is any exposure to moisture, the internal components may become damaged. It is best practice to air dry before charging.

# **WARM-UP YOUR HEADPHONES**

Optional: Burn-in is the process for exercising new audio equipment. We recommend 40 hours of burn-in time for most headphones to reach optimal performance. The main purpose of the process is to loosen the diaphragm of a newly crafted headphone and to stress the headphone driver. Normal, everyday use can also burn-in the headphones though JLab's proprietary burn-in provides an ideal mix of sounds and frequency sweeps to achieve this.

Burn-in your audio equipment with the JLab Audio app available on the App Store and Google Play. Or access the burn-in method at: jlabaudio.com/burnin

# **CAUTIONS**

- Avoid getting moisture or liquids into the tip of the earbuds or charging port.
- · Avoid extreme heat, cold, and humidity.
- Avoid dropping or crushing the earbuds, stressing the cable by rapid pulling or extreme force, or bending the cable at a sharp angle.
- Wax may build up in the earbud tips, lowering the sound quality.
   Carefully remove the wax with a cotton swab or other small tool to improve the sound quality.
- If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily.
- If you experience regular discomfort while using this product, discontinue use and consult your physician.
- We recommend you treat your earbuds as you would a nice pair of sunglasses and keep them in safe location when not in use.
