IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY.

- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.
- This product has been constructed to be used in the domestic environment onlyand not for commercial purposes.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor. We recommend laying the table on a blanket or cardboard during assembly. You can even use the box.

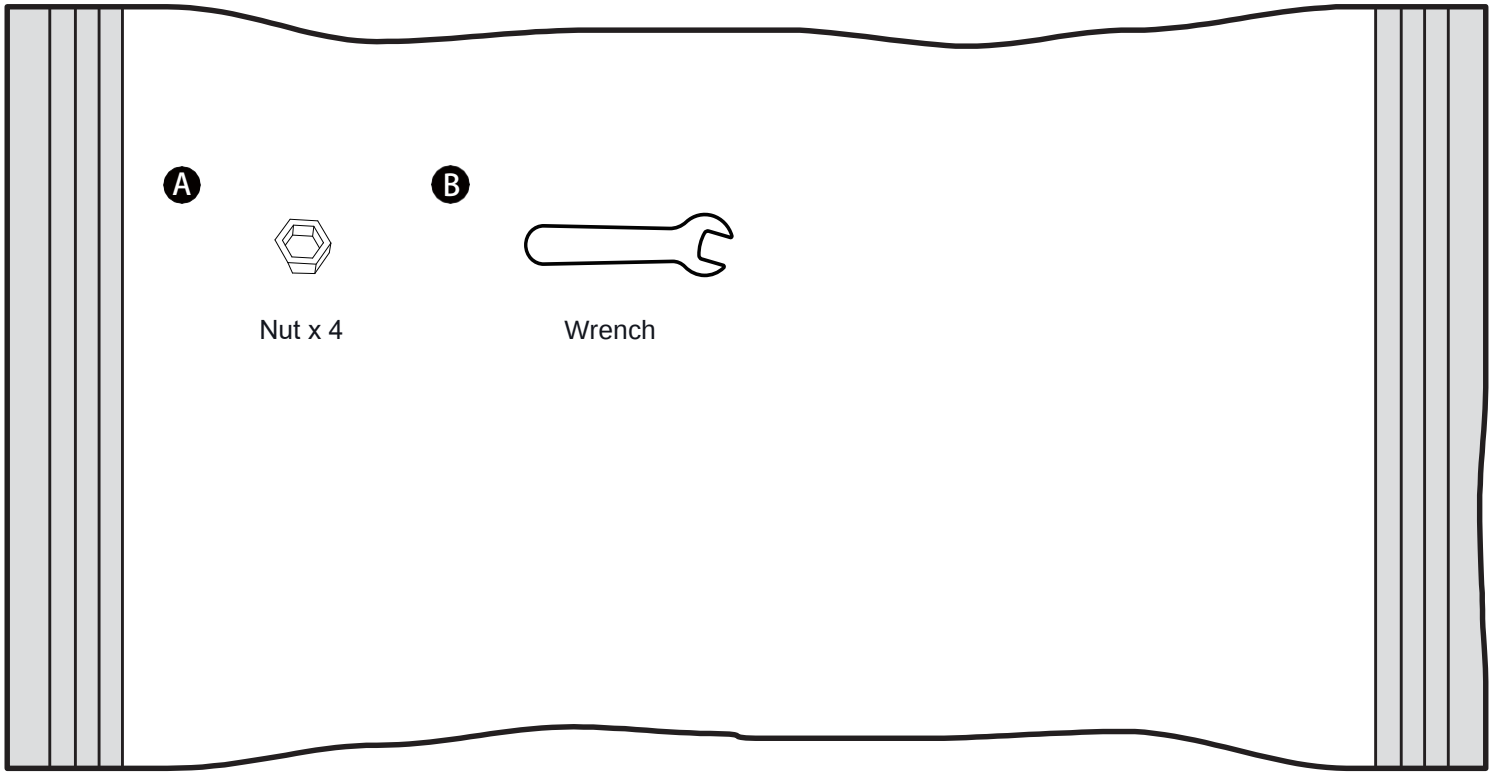

- We do not recommend the use of power drill/drivers for inserting screws as this could damage the unit. Only use hand screwdrivers.
- Parts of the assembly will be easier with 2 people.
- Dispose of all packaging carefully and responsibly.

Table Top Guidelines

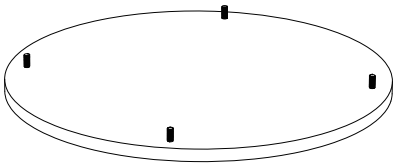

- When lifting or moving the product, ask for someone to lend a hand, trying to move a product on your own can lead to accidents.
- Do not use furniture if any parts are missing or broken. Contact your retailer immediately.
- Do not place very hot or very cold items, such as saucepans or barbecues, directly on the table surface. Extreme temperature differences over small areas can damage the table top.
- Do not sit or stand upon the table top surface.
- Do not strike the table top with hard or pointed items, or use the table top as a chopping surface.
- Do not drag rough or heavy objects over the table top.
- We recommend using place mats, coasters and table cloths to help protect against scratches and accidentally dropped items.
- Clean the table top regularly to make sure there are no grit on the top.
- Do not clean table top with washing powders or any other substances containing abrasives, since these substances can scratch table top.
- For tables that can be used outdoors, if your table has a parasol, make sure the edge of the parasol cut-out has a protector in place. In addition always use a weighted parasol base, and remove the parasol in windy conditions. Parasols can put pressure on the table top or even blow the table over in windy weather.
- For tables that can be used outdoors it is advised that the table is kept covered when not in use to protect the table top from the weather and accidental damage.
