Adaptor

# Assembly Instructions

## Step 4

Assemble the front wheel:  
Press down the lock pin on the front tube, insert the front tube into the adaptor of the front wheel until you hear the click sound.

Caution: Make sure the wheels are properly installed before using the stroller.

## Step 5

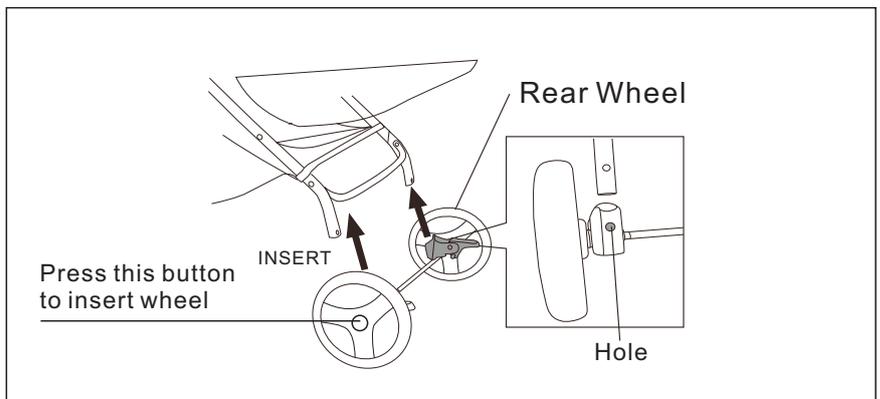

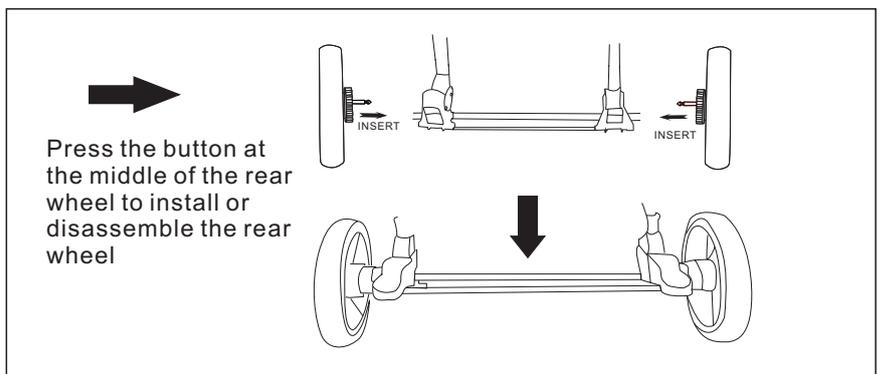

Press the button at the middle of the rear wheel to install the rear wheels.

Note: make sure it is fully engaged after wheel installation

Insert rear tube into the rear wheel plastic house until hear 'click' sound.

NOTE: Pull on the rear wheel to ensure that it is securely attached to the stroller.

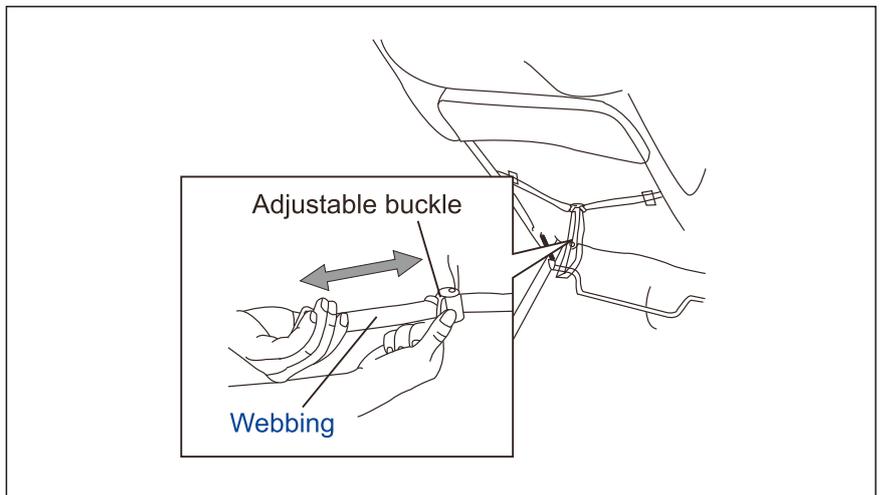

To remove, push release button and pull wheel from hub.

# User Instructions

## Step 1

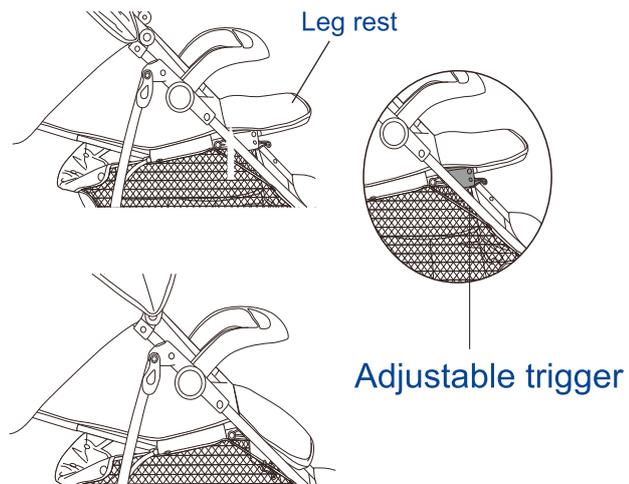

Adjust the backrest:  
As shown, one hand hold the end of webbing strap, another hand pinch the adjusting buckle and pull it to move backrest to desired position.

# User Instructions

## Step 2

The leg-rest on the stroller can be adjusted to two positions. Press the trigger on both side of the leg-rest to adjust the position of leg-rest.

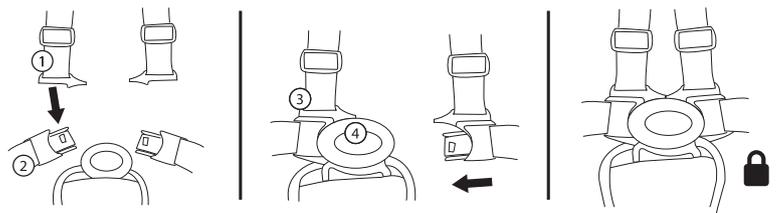

## Step 3

Slide the shoulder strap buckle ① into the housing of the waist strap buckle ②.

Repeat for the other side. Insert the completed buckle ③ into the buckle housing ④ until it engages securely in place. Repeat for the opposite side.

To release buckle, press centre button on buckle housing ④.

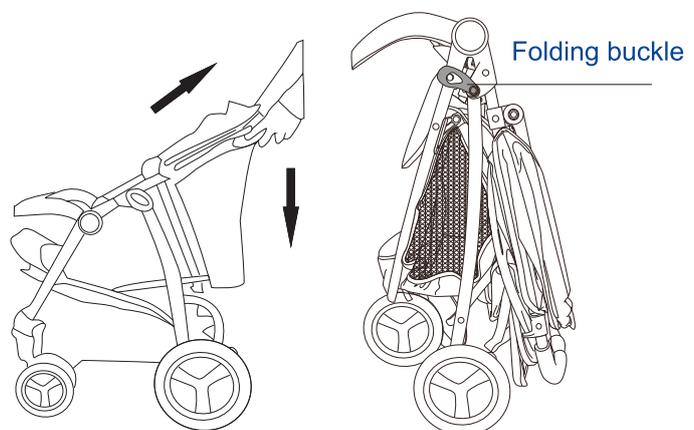

**WARNING!** Always use the harness and ensure it is correctly fitted securely while child is in the seat.

## Step 4

### Folding the Stroller

First, ensure canopy is closed and basket is empty, pull the locks on both sides of the stroller to release the folding mechanism. Press hand bar downwards, once folded ensure the folding lock is engaged.

**Attention:** Adjust the backrest to the flat position before folding the stroller.

# Care and Maintenance

## General

This pushchair was designed and manufactured with qualified materials and craftsmanship. Always use the safety harness.

Always check your pushchair for bullet points. Lubricate moving parts regularly, especially the wheels, and lower parts of the chassis that tend to collect dirt.

## Inspect regularly for:

- Worn parts, torn materials or stitching .
- Loose screws, bent or broken frame parts .
- Broken, damaged or missing parts.

Should any of the above be evident do not use and contact the Helpline:03456 400 800 for advice.

## Care and Maintenance:

Fabric parts may be cleaned in accordance with the fabric care labels. Do not machine wash.

Seat: Sponge clean only

Canopy/Basket:Hand wash only.

Do not leave the stroller exposed to heat i.e. by a radiator or in direct sunlight.

If the stroller chassis parts have been exposed to salt water we recommend that they be rinsed down with fresh (tap) water as soon as possible afterwards.

Do not fold or store the product while wet and never store in a damp environment as this can cause mildew to form.
