Dimensions

Width - 69.5cm

Depth - 49.5cm

Height - 175.5cm

**MADE IN
BRITAIN**

Important - Please read these instructions fully before starting assembly

If you need help or have damaged or missing parts, call the **Customer Helpline: 0870 112 1928** or email: Help@ClickSpares.co.uk (quoting your original order number)

Safety and Care Advice

Important - Please read these instructions fully before starting assembly

- **Warning:** This unit weighs approximately 40kgs. Please lift with care.

- Check you have all the components and tools listed on pages 2 and 3.

- Remove all fittings from the plastic bags and separate them into their groups.

- Keep children and animals away from the work area, small parts could choke if swallowed.

- Parts of the assembly will be easier with 2 people.

- Make sure you have enough space to layout the parts before starting.

- Do not stand or put weight on the product, this could cause damage.

- Assemble the item as close to its final position (in the same room) as possible.

- Assemble on a soft level surface to avoid damaging the unit or your floor (use opened out unit carton).

- We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.

- **Safety note:** It is recommended that this unit is secured to a wall using the overbalance protector kit supplied or, an alternative fixing method of your choice.

- Dispose of all packaging carefully and responsibly.

Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

- From time to time check that there are no loose screws on this unit.

- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Note: If required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.

Components - Panels

If you have damaged or missing components, call the
Customer Helpline: 0870 112 1928 or **email:**
Help@ClickSpares.co.uk (quoting your original order number
and the reference numbers below)

Please check you have all the panels listed below

1 Left Side (D2483A)
(1753 x 496mm)

2 Right Side (D2484A)
(1753 x 496mm)

3 Top (D2482A)
(663 x 495mm)

4 Base (D2485A)
(663 x 480mm)

5 Plinth (D2486B)
(663 x 80mm)

7 Door (D2487A)
(1652 x 327mm) x 2

6 Hanging Rail (FHR653)
(653mm long)

8 Back (X1666-689)
(1666 x 689mm)

Components - Fittings

If you have damaged or missing components, call the **Customer Helpline: 0870 112 1928** or **email: Help@ClickSpares.co.uk** (quoting your original order number and the reference numbers below)

Please check you have all the fittings listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

A  Wooden dowel (F22) x 6	B  Nail (F51) x 32	C  40mm Screw (F910) x 10
D  25mm Screw (F95) x 2	E  13mm Screw (F63) x 14	F  Handle (F300) x 2
G  Rail holder (F1014) x 2	H   Screw  Washer x 2 Overbalance protector kit (F269) x 1	
I  Hinge plate (F523) x 6	J  Hinge (F522) x 6	Important: Always pair up the hinges with the hinge plates from the same bag. DO NOT mix them up.

Tools required

 Rule	 Spirit level	 Eye protection (when using a hammer or drill)	 Cross-head screwdriver	 Electric drill (only use when drilling into walls)	 Step ladder
 Square	 Scissors	 Hammer	 Bradawl		

Ruler - Use this ruler to help correctly identify the screws

Assembly Instructions

If you have damaged or missing components, call the Customer Helpline: 0870 112 1928 or email: Help@ClickSpares.co.uk (quoting your original order number and the reference numbers below)

Step 1

Prepare the left side

Push a rail holder **G** into the left side **1**. Make sure that it is fitted straight, in line with the panel edges and then secure with screw **E**.

Fit 3 hinge plates **I** onto the left side **1**, making sure that the slot is facing towards the finished front edge.

Step 2

Prepare the right side

Push a rail holder **G** into the right side **2**. Make sure that it is fitted straight, in line with the panel edges and then secure with screw **E**.

Fit 3 hinge plates **I** onto the right side **2**, making sure that the slot is facing towards the finished front edge.

Step 3

Prepare the top and base

Tap 2 wooden dowels **A** into the top **3**.

Tap 2 wooden dowels **A** into the base **4**.

Note: Wooden dowels **must not** stick out from the edge by more than 10mm or they may damage other panels.

Assembly Instructions

Step 4

Fit the top and the base to the right side

Push the top **3** and the base **4** onto the right side **2** and secure them using 4 screws **C**.

Step 5

Prepare the plinth

Tap 2 wooden dowels **A** into the plinth **5**.

Step 6

Fit the plinth

Push the plinth **5** onto the right side **2** and secure it using screw **C**.

Note: Support the plinth until the left side has been fitted in the next step.

Assembly Instructions

Step 7

Fit the left side

Push the left side **1** onto the assembly and secure it using 5 screws **C**.

Step 8

Fit the back

a: Square up the unit by making sure that measurement **x to x** equals **y to y**.

b: Place the back **8** onto the unit.

Nail **B** around the outside edges of the back **8**.

Note: Nails should be spaced about 150mm apart.

Stand the unit up for the next step.

a: The measurement from top corner X to bottom corner X must be equal to the measurement from top corner Y to bottom corner Y

Assembly Instructions

Step 9

Fit the hanging rail

Push hanging rail **6** into the rail holders **G** fitted to the side panels.

Step 10

Prepare the 2 doors

Push fit 3 hinges **J** into each of the the doors **7**.

Secure each hinge with 2 screws **E**.

Note: Before securing with the screws, make sure that the hinges are positioned at 90 degrees with the edge of the door.

Assembly Instructions

Step 11

Fit doors and handles

Note: The easiest way to attach each door **7** is to fit the top hinge first, then align and fit the other hinges.

a: Push the hinge **J** onto the front part of the hinge plate **I**. The recess at the bottom of screw B goes into the slot in the hinge plate.

b: Keep the hinge **J** FLAT against the hinge plate **I** as you slide it across as far as it will go. Tighten screw A.

c: The hinge **J** must be flat against the hinge plate **I** prior to any adjustment.

d: The hinge **J** must NOT be AT AN ANGLE to the hinge plate **I** when assembled. This would indicate that the recess at the bottom of screw B had not located in the slot in the hinge plate and the hinge would not be secure. Remove the hinge from the hinge plate and then re-assemble being careful to follow instructions a-c.

e: Attach a handle **F** to each door **7** using screw **D**.

Assembly Instructions

Step 12

Adjust the doors if needed

a: Before adjusting the doors, use a spirit level to check the base (or top) of the unit is level, front-to-back and side-to-side in the 3 positions shown. Use suitable packing pieces (not supplied) to make the unit level BEFORE making any adjustment to the hinges, as shown.

b: Height adjustment.

Loosen screws A on hinge plates and move door up or down as required. Retighten screw A.

c: Forward and Back adjustment.

Loosen screw B on hinge plate and move door in or out as required. Retighten screw B.

d: Sideways adjustment.

To move door 'out' loosen screw C. To move door 'in' tighten screw C.

Assembly Instructions

Step 13

Fit the overbalance protector kit

To prevent possible overbalancing we recommend that this unit is secured to a suitable wall by fitting of the overbalance protector kit **H** to the unit, or an alternative fixing method of your choice.

Wall fixings are not supplied as they will need to suit the wall type.

Note: Take care when drilling the wall that you do not drill into any pipes, wires etc. If in doubt, consult an expert.

Assembly is complete

If you need help or have damaged or missing parts, call the **Customer Helpline: 0870 112 1928** or email: **Help@ClickSpares.co.uk** (quoting your original order number and the reference numbers on the component pages)
