# Safety and Care Advice

**Important – Please read these instructions fully before starting assembly**

Check you have all the components and tools listed on the front cover and pages 2 - 3.

Remove all fittings from the plastic bags and separate them into their groups.

Keep children and animals away from the work area, small parts could choke if swallowed.

Make sure you have enough space to layout the parts before starting.

Do not stand or put weight on the product, this could cause damage.

Assemble the item as close to its final position (in the same room) as possible.

Do not place furniture directly in front of radiators, fires or any other source of heat.

Parts of the assembly will be easier with 2 people.

Assemble on a soft level surface to avoid damaging the unit or your floor.

We do not recommend the use of power drill/ drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.

Dispose of all packaging carefully and responsibly.

## General care and maintenance

Dust regularly with a clean dry cloth.

Wipe up any spills immediately with a damp cloth and then dry the surface with a clean dry duster.

Repeat this procedure for periodic cleaning.

The use of furniture polish or spray is not necessary or recommended.

Always use place mats and coasters to protect the surface from moisture and heat.

From time to time check that there are no loose screws on this unit.

This product should not be discarded with household waste. Take to your local authority waste disposal centre.

## Maximum weight limit

**Important:**  
max load for table is shown below.

## General information

1. Top

2. Leg frame

# Assembly Instructions

## Step 1

A x 4

B x 1

## Step 2

Take care when turning over.

Feet can be adjusted for uneven surfaces.

Always lock the table top in the open position to ensure that the legs cannot be moved accidentally.

When Not in use always lock the legs in the closed position to ensure the folded down table is stable.
