INSET ELECTRIC FIRE

DKT20

The Dakota offers the ideal combination of stress-free usability and slick contemporary visuals. With aspects of a traditional inset fireplace stored inside a modern stainless steel body; it's a look to suit any interior scheme.

It's simple plug in and go installation means that it can be placed anywhere in the room, near a plug socket, and offers a gentle burst of heat to take the chill out of the room.

The modern, stylish Dimplex Dakota electric inset fire with Optiflame technology comes in a choice of matt black or stainless steel effect finishes and features a white pebble fuel bed. It features 2 heat settings, 1kW & 2kW and the flame only effect gives your home a snug, welcoming ambiance at any time of year.
