habitat

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY.

Assembly Instructions:

1. Screw the stem onto the body.
 2. Screw the shade onto the lampholder
 3. Insert the correct wattage and shape of bulb as shown on the wattage label affixed to the fitting.
- Your fitting is now ready for use.

This floor lamp requires 1 x 10W Max E27 GLS bulb.

Locate the electrical cable so that it reaches the power supply without causing a trip hazard. Ensure the cable is placed out of reach so that this will not cause lamp to fall over.

The Glass base is fragile. Please ensure that the floorlamp is placed on a safe, stable, flat surface where it won't be knocked over.

If placing the floorlamp on hard surfaces, take care when positioning to avoid damage to the base edge.

Care and maintenance

In order to prevent damage or wear to your lighting, take care to ensure the following:

If your fitting requires cleaning, you should use a soft dry cloth. Never use polish containing abrasives or solvents as they may damage the finish.

Remember!

Use only the bulb types recommended for your light fitting and never exceed the stated maximum wattage. Where fitting and shade have different maximum wattage ratings, do not exceed the lower value.

This product should be disposed of responsibly at the end of its life. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice (Waste Electrical and Electronic Equipment Directive)
