Greens & Thickens Lawns,  
Controls Weeds & Moss

MAPP No: 15455

This spreader  
can be refilled  
with a carton  
and reused

## INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN LAWN TREATMENT. Read all safety instructions before use. This product does not include grass seeds.

### When to apply

- ✓ Between April and September.
- ✓ Weather is fair.
- ✓ Soil is damp.
- ✓ Grass is dry and frost free.

✓ Weeds should be actively growing.

### DO NOT APPLY

- During prolonged dry periods or frosty conditions.
- When heavy rain is imminent.
- On a windy day to prevent drift into beds and borders.
- On a lawn less than 6 months old.

### What happens next

- ✓ Moss will blacken as it dies. Results are visible in a few days (blackening of any grass is temporary).
- ✓ Lawn is greener in 7 days.

✓ Weeds take 3-5 weeks to die. Some weeds will rapidly grow after application but will eventually die.

### Aftercare

1. Water thoroughly the next day, so the lawn food starts to work.
2. Mow lawn after 3 days. For best results continue to mow on a regular basis.
3. Rake out dead moss that has blackened after 2 weeks.
4. If moss and weeds reappear, reapply. Leave a **minimum** of 3 months between applications.
5. Once opened, keep product in waterproof sealed container.

### ADVICE

**MOWING:** Avoid mowing 2 days before and after application.

**DISPOSAL OF LAWN CLIPPINGS:** Do not use first 4 mowings after treatment for mulching. It will be safe to use after being composted for 6 months.

**TREES AND BULBS:** Product can be used around trees but avoid contact with foliage. After bulb foliage has died down naturally, product can be applied.

**RE-SEEDING:** Re-seeding of bare patches should not be carried out until 8 weeks after treatment.

**STAINING:** This product contains iron sulphate and will cause staining. Do not walk on treated areas until product has been watered in and dried. Avoid contact with clothing, tarmac driveways, paving, decking and kitchen floors. Sweep up any spillages immediately and dispose of safely.

### UK Fertiliser Declaration

#### NK Fertiliser 14-5:

Nitrogen (N) total	14.0%
Ammoniacal Nitrogen (N)	10.9%
Ureic Nitrogen (N)	3.1%
Potassium Oxide (K <sub>2</sub> O) soluble in water	5.0%

Miracle-Gro® EverGreen® Complete 4 in 1 contains 0.49% w/w MCPA, 0.29% w/w mecoprop-P and 16.3% w/w iron sulphate (anhydrous) as a granular formulation (GR).

### How much to use

**MAX 35g 1m<sup>2</sup>** Maximum individual dose: 35g per square metre.

**Maximum 2 applications per year.** Maximum 2 applications of 3 months between applications.

Leave a **minimum** of 3 months between applications.

This pack treats 80m<sup>2</sup> (10m x 8m). To determine the size of your lawn multiply the length by the width in metres. Alternatively a lawn with 5 by 5 standard fence panels (1.82m width), will cover approx 80m<sup>2</sup>.

All sizes are approximate

### How to apply

1. Press down the yellow spout and slide back the green overcap.
2. Flip the spout over.

3. Walking at a brisk pace of 1.5m/second, invert the dispenser so that the spout points towards the ground and the granules flow freely.

Maintain the spout at a comfortable height off the ground (at least 45cm). Spread across the lawn area in even strips. Avoid overlapping. When you stop walking raise the spout to stop the flow of granules.

### How to refill

With the spout folded out in the spreading position, gently twist and lift off the entire spreader head. Refill, and replace the head securely before reusing.

Keep children and pets away from treated areas until granules have been watered in and dried.

### SAFETY INSTRUCTIONS

**TO AVOID RISKS TO HUMAN HEALTH AND THE ENVIRONMENT, COMPLY WITH THE INSTRUCTIONS FOR USE**

#### Protection during / in use

- ✓ Read carefully and follow all instructions.
- ✓ Wear protective gloves.
- ✓ Wash hands thoroughly after handling.
- ✓ If medical advice is needed, have product container or label at hand.
- ✓ Do not breathe dust.
- ✓ Do not eat, drink or smoke when using the product.
- ✓ Avoid contact with eyes.
- ✓ IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists get medical advice/attention.

#### Other general protection

- ✓ Contains mecoprop-P. May produce an allergic reaction.

#### Environmental protection

- ✓ Do not contaminate water with the product or its container.
- ✓ Do not empty into drains.

#### Storage and disposal

- ✓ KEEP OUT OF REACH OF CHILDREN.
- ✓ Keep away from food, drink and animal feeding stuffs.
- ✓ KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place.
- ✓ Dispose of contents / container to a licensed hazardous-waste collection site except for empty containers which can be disposed of in the dustbin. Contact your local council (local authority) for details.
- ✓ DO NOT REUSE CONTAINER FOR ANY OTHER PURPOSE.

**WARNING**  
Causes serious eye irritation
