MAPP: 16170

FAST ACTING WEEDKILLER

- ✓ KILLS WEEDS
- ✓ *VISIBLE RESULTS IN 1 HOUR
- ✓ READY TO REPLANT OR SOW IN 24 HOURS

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN WEEDKILLER.
READ ALL SAFETY INSTRUCTIONS BEFORE USE.

WHEN TO USE

March – October, when weeds are actively growing • Apply on a calm, dry, warm day and avoid spray drift • For best results treat small weeds at early growth stage • If regrowth occurs reapply after 14 days • Reapply if the application has not dried before rain occurs. **Maximum 4 applications per year.**

WHERE TO USE

This product is a multipurpose weedkiller for use in areas not intended to bear vegetation and unwanted vegetation. It can be used to kill broad leaved weeds and grasses in paths, drives and permeable patios. Around the bases of roses, ornamental shrubs and trees (pome and stone fruit trees), and under hedges (providing they are established, with woody bark). It can also be used for weeding before sowing or planting vegetables, flowers or lawns. Treated areas can be replanted or reseeded the day after treatment.

HOW TO USE

SHAKE WELL BEFORE USE. We recommend wearing gloves.

Always ensure the container is stored and carried upright when not spraying.

Maximum application rate: 100 mL/m², 5 litres to treat 50 m².

When spraying large areas it is easier to mark out and measure the areas before application. Apply on a calm, dry day when there is no risk of spray drift onto adjacent desirable plants.

1. Remove Power Sprayer from side clip. Remove protective strip from battery compartment to activate. Unwrap plastic cover around hose. Pull out the red connector.

2. Insert red connector into the top of the cap and click in place. Press and twist the cap anticlockwise to 'ON' position (1/2 of a turn).

3. Flip open the Power Sprayer and lock into position. Twist nozzle to select spray setting. Spray weeds evenly, ensuring coverage on all the leaves.

4. After use, press and twist the top of the cap clockwise to the 'OFF' position.

5. Squeeze Power Sprayer trigger to empty nozzle. Turn nozzle to 'OFF' and replace sprayer in the holder without disconnecting the red connector.

Replacing the batteries: Open battery compartment at the bottom of Power Sprayer, remove the used batteries and dispose of safely. Replace with four new AA batteries in the correct position as marked inside the battery compartment. Securely close battery compartment door. Never mix alkaline, carbon-zinc or rechargeable batteries.

*No Glyphosate claim is provided to help distinguish from other formulas that may contain glyphosate.

CAUTION

This product kills all green plant growth, including grass. DO NOT APPLY TO LAWNS OR OTHER WANTED PLANTS UNLESS YOU WANT TO KILL THEM. Allow spray to dry before walking or playing on the treated areas.

SAFETY INSTRUCTIONS

Protection during / in use

Avoid contact with eyes. IN CASE OF CONTACT WITH EYES, RINSE IMMEDIATELY with plenty of water and seek medical advice. If swallowed, seek medical advice immediately and show this container or label. WASH OFF SPLASHES FROM SKIN IMMEDIATELY. Wash hands and exposed skin after use.

Environmental protection

Do not apply when rainfall is expected within 6 hours of application. Risk to non-target insects or other arthropods. Dangerous to bees. To protect bees and pollinating insects do not apply to plants when in flower. Do not use where bees are actively foraging. Do not apply when flowering weeds are present. Direct spray away from ponds and other surface water bodies. Do not empty into drains. Use appropriate containment to avoid environmental contamination.

Storage and disposal

KEEP OUT OF THE REACH OF CHILDREN AND PETS. Keep away from food, drink and animal feeding stuffs. KEEP IN ORIGINAL CONTAINER, tightly closed, in a safe place. EMPTY CONTAINER COMPLETELY and dispose of safely. For the UK only: Dispose of empty container in the dustbin. Dispose of unused product in its container at a household waste site (civic amenity site). Contact your local council (local authority) for details. This material and its container must be disposed of in a safe way.

RISK AND SAFETY INFORMATION

To avoid risks to human health and the environment, comply with the instructions for use.

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read carefully and follow all instructions. Do not eat, drink or smoke using this product. Do not contaminate water with the product or its container. MAPP: 16170

Contains 60 g/L acetic acid formulated as a ready to use liquid.

PROTECT FROM FROST

Keep children and pets away from treated areas until spray has dried
