⚠ Safety and Care Advice

Important - Please read these instructions fully before starting assembly

IMPORTANT! KEEP FOR FUTURE REFERENCE

• Check you have all the components and tools listed on the following pages.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

• Make sure you have enough space to layout the parts before starting.

• During assembly do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.
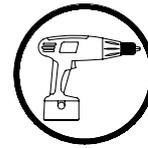

• To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• Improper use of electrical tools will crack the components.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Warnings

• Regularly check and ensure that all bolts and fittings are tightened properly.

• The recommended mattress size is L1900 x W900 mm.

• This product should only be used on firm, level ground.

• Make sure the legs remain in contact with the ground.

• This product is intended for children in the age of 4 to 13 years old.

• Not suitable for children under 4 years.

• Prohibit your children from bouncing and jumping on the bed.

• Do not place this child's bed near heat sources, windows (blind cords, curtain pulls or other strings or cords) and other furniture.

• Place the bed tight to any wall or have a gap of 300mm between the wall and the side of the bed.

• Do not use this child's bed if any part is broken, torn or missing.

• **THIS BED COMPLIES WITH BS8509:2008+A1:2011**
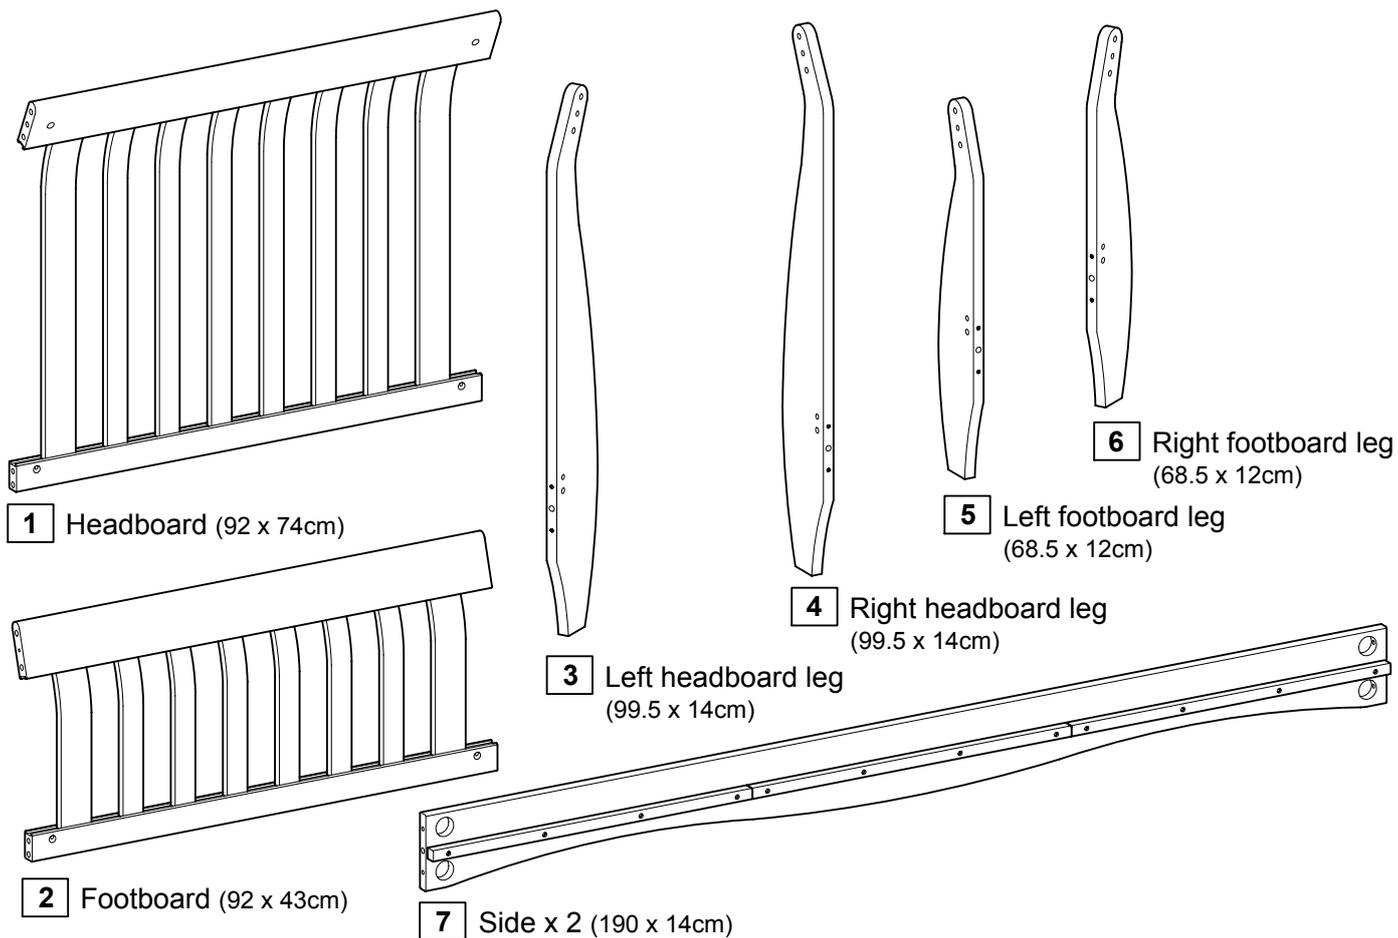

• Retailer: Argos Ltd. MK9 2NW

Handy Hints

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts.

• Regularly check and ensure that all bolts and fittings are tightend properly.

Note: if required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.

Components - Fittings
Note: The quantities below are correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

A 70mm Screw x 8

B Washer x 8

C Nut x 8

D 40mm Dowel x 16
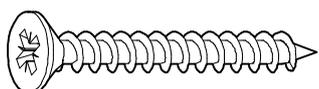

E 30mm Screw x 8

F 75mm Screw x 6
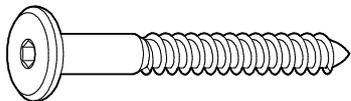

G 60mm Screw x 2

H Barrel nut x 6
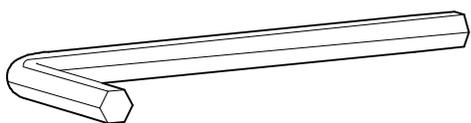

I Allen key x 1
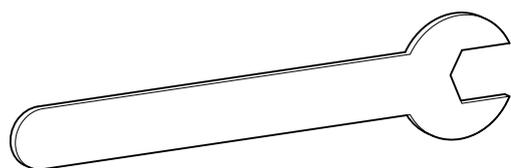

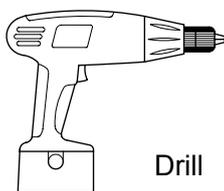

J Spanner x 1

Tools required
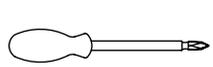

Philips screwdriver (medium & large)

Flatblade screwdriver (medium)

Suitable drill bit (for use with wall plug)

Drill

Small hammer

Ruler/tape measure

Eye protection (when using a hammer or glue)

Ruler - Use this ruler to help correctly identify the screws

0 5 10 15 20 25 30 35 40 45 50 55 60 65 70 75 80 85 90 95 100 105 110 115 120 125 130 135 140 145 150 155 160 165 170
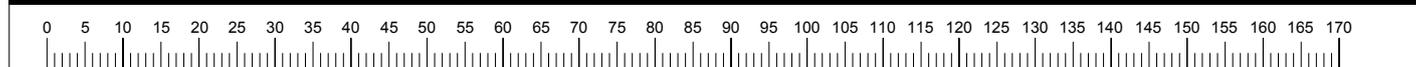

The screws length is measured from the head to the point (30mm screw shown).
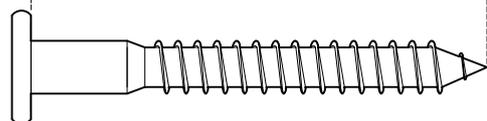

The bolts length is measured from inside of the head to the point (60mm bolt shown).

# Assembly Instructions

Inserting the dowels to the sides.

Insert the dowels **D** into the holes indicated on the sides **7**.

7
Side

7
Side

Inserting the dowels to the headboard and the footboard.

Insert the dowels **D** into the holes indicated on the headboard **1** and the footboard **2**.

1
Headboard

2
Footboard

Mounting the headboard legs to the headboard.

Place the barrel nuts **H** onto the holes indicated on the headboard **1** and using screws **F** to fix the right headboard leg **4** and the left headboard leg **3** onto the headboard **1**, using allen key **I** to tighten it.

Note the holes of barrel nuts pointing towards to the screws.

Dear Customer.

Please note that the product you have purchased is a natural living timber.

Just like nature itself, wood varies in shape and colour. Knots, vein patterns, resin pockets and colour differences contribute to giving the piece of furniture its beauty and form - a natural part of solid wood.

Although the tree has been cut down and dried, it is still alive and therefore will react to high and low temperatures, light, humidity, drought and time.

In cold and dry periods, the wood contracts which may lead to small cracks in the piece of furniture. The reverse happens in warm and humid periods where the wood expands and this may result in slight unevenness.

The colour of the wood also changes with time, particularly if the furniture is place in a light place. This is a natural process and part of owning a piece of furniture made of solid wood.

Any flexing that has occurred during transport will re-correct it self once this product is correctly assembled.

Tighten all joints of the furniture after six months.

Please keep these instructions in a safe place for future use.
