Getting started

Location

You need to place your BT Decor 2200 within 3 metres of a telephone line socket so that the cable will reach.

Activate the batteries

1. Activate the batteries by pulling the plastic tab away from the underside of the phone.

Connect the telephone line

1. Plug the telephone line cord into the telephone wall socket.

Set the display time and date

See page 17 for instructions.

Your BT Decor 2200 is now ready for use

Battery low warning

When the batteries are low and in need of replacing the display will show the battery low icon .

Removing the batteries

If you ever need to remove the batteries, firstly ensure that the phone is disconnected from the phone line and then turn the phone over and remove the battery compartment cover by pressing in on the plastic clip and lifting the cover off. Pull the ribbon to remove the batteries.

IMPORTANT

Only use the telephone line cord supplied otherwise your telephone may not work.

Using broadband on the same phone line?

To avoid problems with your broadband or noise on your phone line, you might need to plug it into the wall socket via a microfilter (not supplied).

If your main phone socket has a single socket, as shown, you'll need to use microfilters.

You don't need to use microfilters if your main phone socket has two separate sockets, like these:

Using your phone

Making and receiving calls

Make a call

1. Lift the handset and wait for the dial tone (or press the  button).
2. Enter the telephone number.

Call timer

Your phone automatically times the duration of every call. The timer will activate 5 seconds into an outgoing call and will continue to display the time until 5 seconds after the call has ended. The timer will be displayed as soon as you pick up the handset to receive an incoming call.

Preparatory dialling

Preparatory dialling lets you view the telephone number on the display before it's dialled out. If the number you enter is more than 15 digits, only the last 15 digits will be displayed.

1. Enter the telephone number first. If you make a mistake, press the  button to delete incorrect digits.
2. Lift the handset, or press the  button to dial the number.

End a call

1. Replace the handset on the base or if using handsfree mode, press the  button.

Receive a call

1. When you receive a call, the telephone rings and the red incoming call LED will flash. Simply pick up the handset to answer the call or press the  button to answer in handsfree mode.

When the handset is off the hook or Handsfree is in use the display will show the  icon.

If you have subscribed to a Caller Display Service the caller's number (and name if stored in the directory) will be displayed when you receive a call, see page 12.

Handsfree

Handsfree mode lets you talk to your caller without holding the handset. It also allows other people in the room to listen to your conversation over the loudspeaker. The green LED on the button will illuminate when handsfree mode is in use and the  icon will be displayed on the screen.

Make a call in handsfree mode

1. Press the  button and then enter the telephone number to be dialled.

Answer a call in handsfree mode

1. When the phone rings, press the  button to answer the call.

Switch to handsfree mode during a call

1. During a call, press the  button and replace the handset on the base.
2. To switch back to using the handset, simply pick the handset up.

Adjust the handsfree volume

Use the  buttons to increase or decrease the loudspeaker volume.

There are 5 loudspeaker volumes.
You cannot change the volume of the handset earpiece.

Last number redial

The redial memory holds the last telephone number dialled (up to 32 digits).

View the last number dialled

1. Press the  button. The number will be shown on the display. If all the digits match a number stored in the directory, the name of the entry will be displayed as well.

Call the last number dialled

1. Lift the handset or press the  button, then press the  button. The last number called will be redialled.

Save the redial number to the directory

1. Press the  button. The last number dialled is displayed.
2. Press the  button. Save Number is displayed. Press .
3. Enter Name is displayed. Use the keypad to enter the name and press .
4. Enter Number is displayed. Use the keypad to enter the telephone number and press . Entry Saved is displayed.

Delete the last number dialled

1. Press the  button. The last number dialled is displayed.
2. Press the  button. Save Number is displayed.
3. Press  to scroll to Delete Entry and press . The display will show Entry Deleted.

Mute

When on a call use the mute feature to talk to someone in the same room without your caller hearing.

1. During a call, press and release the  button to mute the handset microphone. The red LED on the mute button will illuminate to indicate that the mute feature is on. Your caller now cannot hear you speak.
2. To switch mute off, press and release the  button again. The LED will turn off and your caller will now be able to hear you.

If a redial number is longer than 15 digits, the first 15 digits will be displayed for about 3 seconds and then the screen will scroll to display the remaining digits. After 3 seconds the screen reverts back and continues to scroll back and forth until you change the display information.

For help with entering names, see page 10.

Directory

You can store 50 names and telephone numbers in the directory. Each name stored can be up to 15 characters and each number up to 24 digits. Directory entries are stored alphabetically.

Store a name and number in the directory

1. Press the  button.

If the directory is empty, the display will show Phonebook Empty for 2 seconds and then Add Entry. Press the  button.

Or, if there are already entries stored, the first alphabetical entry will be displayed. Press the  button, Add New Entry will be displayed. Press the  button.

2. Enter Name is displayed. Use the keypad to enter the name then press .
3. Enter Number is displayed. Use the keypad to enter the telephone number and press . Entry Saved is displayed.

View/dial an entry in the directory

1. Press the  button, then use the  or  buttons to scroll through to the entry you want. Or, to search alphabetically, enter the first letter of the name you want e.g. for Emma, press  twice to display all entries beginning with the letter E, then scroll using  or  to the entry you want.
2. When the entry you want is displayed press  to dial in Handsfree mode or pick up the handset.

Insert a pause in a number

Press the  button in the place where you want a pause inserted in the number.

Numbers stored without a name will be displayed before alphabetical entries.

Press and hold  to exit the directory and return to standby at any time.

Directory full

If you try to store a new entry and the directory is full, Directory Full will be displayed. You will need to delete entries before you can add new ones, see page 11.

Entering names

Use the keypad to enter the letters shown on the buttons, e.g. to store TOM:

Press  once to enter T.

Press  three times to enter O.

Press  once to enter M.

Writing tips

If you make a mistake, press  to delete the last digit or character.

To enter a space, press  once.

Press  repeatedly to enter the following punctuation symbols:
 & - ' . , 1

Press  to toggle between upper and lower case characters.

If the next letter is on the same button that you have just pressed, wait until the cursor moves to the right before trying to enter it.

If the telephone number is longer than 15 digits, the first 15 digits will be displayed for about 3 seconds and then the screen will scroll to display the remaining digits. After 3 seconds the screen reverts back and continues to scroll back and forth until you change the display information.

Edit an entry in the directory

1. Press the  button, then use the  or  buttons to scroll to the entry you want.
2. Press the  button. Add New Entry is displayed.

3. Press  to scroll to Delete All and press .
4. Are You Sure? is displayed, press  to confirm.
5. Entries Deleted is displayed briefly.

Caller Display and the Calls list

If you have subscribed to a Caller Display service, you will be able to see your caller's number on the display (provided it is not withheld) prior to answering the call.

If the caller's name matches an entry you've stored in the directory, you will also see the caller's name on the display.

Calls list

The Calls list holds the telephone numbers (and names if there is a match with the directory) of the last 30 received calls. The Calls list can display numbers up to 24 digits and names up to 15 characters. Calls are listed newest to oldest. When the list is full and a new call is received, the oldest entry will be deleted automatically.

New calls

When you have a new call in the Calls list, i.e. a call you did not answer, the **NEW** icon will be displayed on the screen. When all new calls have been viewed, the **NEW** icon will turn off. Only unanswered calls are indicated as **NEW** calls.

View the Calls list

1. Press the  button. Calls are listed in order from the newest to the oldest.
2. Press  or  to scroll through the list.

Dial an entry in the Calls list

1. Press the  button to view the list.
2. Press  or  to scroll to the entry you want.
3. To dial the displayed number, lift the handset or press  or .

IMPORTANT

To use Caller Display you must first subscribe to the service from your network provider. A quarterly fee may be payable. For more information on BT's Calling Features call BT free on 0800 800 150.

To ensure the caller's name is displayed, make sure you have stored the full telephone number, including the dialling code in the directory.

Caller information is not available

With some incoming calls, the telephone number of the caller is not available and cannot therefore be displayed. In this case your BT Decor 2200 provides you with some explanatory information:

Unavailable – the number is unavailable.

No Number – the caller has withheld their number.

International – International call.

Payphone – call is from a payphone.

Ringback – the call is from a number you set as a ringback number.

If the telephone number is longer than 15 digits, the first 15 digits will be displayed for about 3 seconds and then the screen will scroll to display the remaining digits. After 3 seconds the screen reverts back and continues to scroll back and forth until you change the display information.

Copy a number in the Calls list to the directory

1. Press the **Calls** button to view the list.
2. Press **Redial** or **Calls** to scroll to the entry you want.
3. Press the **Menu** button. Save Number will be displayed, press **OK**.
4. Use the keypad to enter a name and press **OK**.
5. Use the keypad to edit the number if necessary and then press **OK**. Entry Saved is displayed.

For help with entering names, see page 10.

Use **Back** to delete incorrect digits.

Delete an entry in the Calls list

1. Press the **Calls** button to view the list.
2. Press **Redial** or **Calls** to scroll to the entry you want.
3. Press the **Menu** button. Save Number will be displayed.
4. Press **Calls** to scroll to Delete Entry and press **OK**.
5. Are You Sure? is displayed, press **OK** to confirm.
6. Entry Deleted is displayed and then the screen will return to the Calls list.

Press **Back** to cancel the Delete operation.

Delete the entire Calls list

1. Press the **Calls** button to view the list.
2. Press the **Menu** button. Save Number will be displayed.
3. Press **Calls** to scroll to Delete All and press **OK**.
4. Are You Sure? is displayed, press **OK** to confirm (or **Back** to cancel).
5. Entries Deleted is displayed and then the screen will return to standby.

1571 Voice mail indication

If you have subscribed to BT Answer 1571 or Call Minder, your BT Decor 2200 will indicate when you have received a voice message by the flashing messages light.

BT Answer 1571 and Call Minder are invisible answer machines located at your local exchange which will take messages when you are out or engaged on another call.

To enable your BT Decor 2200 to let you know you have messages you must first subscribe to a BT messaging service:

For BT Answer 1571 answering service, call BT on Freephone 0800 003 800.

For information on Call Minder, call BT on Freephone 0800 800 150.

To access your voice mail messages

1. Press .
2. Your BT Decor 2200 goes into handsfree mode and you will hear the telephone dialling out. After a few seconds you will be connected automatically to your voice mail service.

Or

1. Lift the handset and wait for the dial tone.
2. Press . The number is displayed and you will hear the telephone dialling out. After a few seconds you will be connected automatically to your voice mail service.

Turn 1571 on/off

1. Press the  button. BT services is displayed.
2. Press  or  to scroll to Message Waiting and press .
3. Press  or  to select either On or Off and press . Saved is displayed.

The message waiting indicator is activated by a stuttered dial tone which you can hear when you pick up your phone. BT Calling Features, such as Call Diversion and Call Barring use a stuttered dial tone so therefore will cause the message waiting indicator to flash even if no messages have been left.

IMPORTANT

After an incoming call, or after lifting the handset, your BT Decor 2200 will check the line for any messages. You will experience at least a 2 minute delay before the message waiting indicator light flashes if messages have been left.

The 1571 light may continue to flash for a few minutes after you have listened to your messages.

General information

Safety

- Only use the telephone line cord supplied otherwise your telephone may not work.
- Only use the recommended battery type (4 x AA batteries).
- Never dispose of batteries in a fire. There is a serious risk of explosion and/or the release of highly toxic chemicals.
- Do not open the handset or base of the telephone (except to replace the batteries). This could expose you to high voltages or other risks.
- Do not stand your product on carpets or other surfaces that generate fibres, or place it in locations preventing the free flow of air over its surfaces.
- Do not expose to direct sunlight.
- Do not submerge any part of your product in water and do not use it in damp conditions, such as bathrooms.
- Do not expose your product to fire, explosive or other hazardous conditions.

Cleaning

Clean the telephone with a damp (not wet) cloth, or an anti-static wipe. Never use household polish as this will damage the product. Never use a dry cloth as this may cause a static shock.

How to recycle your equipment

The symbol shown here and on the product means that the product is classed as electrical or electronic equipment, so DO NOT put it in your normal rubbish bin.

It's all part of the Waste Electrical and Electronic Equipment (WEEE) Directive to recycle products in the best way – to be kinder to the planet, get rid of dangerous things more safely and bury less rubbish in the ground.

You should contact your retailer or supplier for advice on how to dispose of this product in an environmentally friendly way.

Guarantee

Your BT Decor 2200 is guaranteed for a period of 12 months from the date of purchase. Subject to the terms listed below, the guarantee will provide for the repair of, or at BT's or its agent's discretion, the option to replace the BT Decor 2200 or any component thereof, which is identified as faulty or below standard, or as a result of inferior workmanship or materials. Products over 28 days old from the date of purchase may be replaced with a refurbished or repaired product.

Within the 12 month guarantee period:

Prior to returning your product, please visit bt.com/producthelp to view answers to Frequently Asked Questions.

Outside the 12 month guarantee period:

If your product needs repair after the guarantee period has ended, the repair must meet the approval requirements for connection to the telephone network.

We recommend that you contact BT's approved repair agent Discount Communications Ltd on 0800 980 8999 or a local qualified repairer.

Returning your phone

Where possible, pack the product in its original packaging. Please remember to include all parts, including the telephone line cord and the original batteries. For guarantee purposes proof of purchase is required so please keep your receipt.

Technical information

How many telephones can I have?

All items of telephone equipment have a Ringer Equivalence Number (REN), which is used to calculate the number of items which may be connected to any one telephone line. Your BT Decor 2200 has a REN of 1. A total REN of 4 is allowed. If the total REN of 4 is exceeded, the telephones may not ring. With different telephone types there is no guarantee of ringing, even when the REN is less than 4.

Switchboard compatibility

This product is intended for use within the UK for connection to the public telephone network and compatible switchboards which support tone dialling and timed break recall. If in doubt, please consult your network service provider.

If you need some help, call us on 0800 145 6789[†] or go to bt.com/producthelp

Switchboard external line access code

When connected to an internal switchboard, you may need to enter an access code e.g. 9 to get an outside line. So that the switchboard has time to pick up an outside line, you may also need to add a Pause after the access code. A Pause lasts 2.5 seconds.

To insert a pause

1. When storing a number in the directory, press the  button in the place you want a pause inserted.

Recall

The  button is used when connected to certain switchboards e.g. to transfer calls and for some BT Calling Features or other services available from your network provider.

R&TTE

This product is intended for use within the UK for connection to the public telephone network and compatible switchboards.

This equipment complies with the essential requirements for the Radio Equipment and Telecommunications Terminal Equipment Directive 1999/5/EC.
