PROTECTION**

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN LAWN TREATMENT. Read all safety instructions before use. **This product does not include grass seeds.**

When to apply

- Between September and mid-November.
- Weather is fair.
- Soil is damp.

- Grass is dry and frost free.
- To new lawns once the lawn is established (usually after 3 months).

DO NOT APPLY

- During prolonged dry periods or frosty conditions.
- When heavy rain is imminent.
- On a windy day to prevent drift into beds and borders.

What happens next

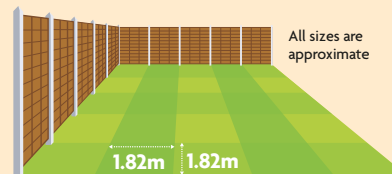

- Moss will blacken as it dies. Results are visible in a few days (blackening of any grass is temporary).
- Lawn is greener in 7 days.

How much to use

MAX 35g 1m² Maximum individual dose: 35g per square metre. Maximum 2 applications per year.

This pack treats 80m² (10m x 8m). To determine the size of your lawn multiply the length by the width in metres. Alternatively a lawn with 5 by 5 standard fence panels (1.82m width), will cover approx 80m².

All sizes are approximate

Aftercare

- Water thoroughly the next day.
- Mow lawn after 3 days. For best results continue to mow on a regular basis.
- Rake out dead moss that has blackened after 2 weeks.
- Heavy infestations may need a repeat treatment after 2 weeks.
- Once opened, keep product in waterproof sealed container.

How to apply

BY SPREADER	SETTINGS
Miracle-Gro® Handy Spreader	3 (and then cover each area twice)
Miracle-Gro® Drop Spreader	4.5 (and then cover each area twice)
Miracle-Gro® Rotary Spreader	27
EverGreen® Wizz™ Year-Round Spreader	5
EverGreen® Easy Spreader+	4.5

Handheld spreader is preset, prefilled, ready to use and can be refilled with this carton. Please retain packaging during use for usage instructions and safety.

BY HAND

Wear protective gloves before hand application. First spread 35g over 1m² for a visual guide, then mark out your lawn for an even application.

Visit lovethedgarden.com for further advice.

Keep children and pets away from treated areas until granules have been watered in and dried.

ADVICE

WATERING IN: Make sure the lawn is watered thoroughly, so that the lawn food starts to work.

RAKING: Raking (or scarifying) the lawn in the Autumn will remove build up of dead material.

MOWING: Avoid mowing the lawn 2 days before and after treatment.

AERATING: Spike your lawn in the autumn to aerate the soil and allow water to penetrate.

STAINING: This product contains iron sulphate and will cause staining. Do not walk on treated areas until product has been watered in and dried. Avoid contact with clothing, tarmac driveways, paving, decking and kitchen floors. This list is not exhaustive. Sweep up any spillages immediately and dispose of safely.
