Magformers Sweet House Set

Magformers Sweet House Set comes with Magformers magnetic pieces and various accessories, including stairs, windows and trees, to make more detailed Magformers models. The enclosed booklet contains photos of each model from various angles. Children can create their own models while reading the directions as well as observing photos of models taken from different angles. Just like an architect who creates buildings by looking at architectural drawings, children can become architects and build their own Magformers house.

02 How to use accessories

Accessories can be used in combination with Magformers squares and rectangles as shown below.

Combine various accessories with Magformers models to build a pretty house as shown below.

03 How to use LED

The LED BOX helps children make models beyond their imaginations with its various vivid colors that develop the senses of children. Breathe new life into many Magformers models with the LED BOX. Press the button once to change colors quickly, and press the button again to change colors slowly. Each color will be fixed after that. The included USB cable is for charging the LED BOX. Please note the following warnings when charging. The red light turns on when you plug the USB cable into the LED Box. The red light turns off when charging is complete.

Warnings for LED Box (This must be read by a guardian of the child).

- Please do not look at the light of the LED for an extended period of time to protect your vision.
- The internal parts may have problems when damaged due to the characteristics of the LED product, please be careful not to impact the product.
- Do not impose any excessive shock or force, including throwing it at a person or hitting a person.
- Do not stand on the product.
- When charging, be sure to connect the USB cable under the supervision of parents.
- The proper charging time is 2 hours. Please be careful not to overcharge because it may shorten the life of the battery.
- Please make sure to turn off after use. (No light means the status is 'off'.)
- Please note that if you force connection or incorrectly connect to the USB CABLE, it may cause damage to the terminal.
- Do not disassemble, throw, drop, or place in water.
