#MAKE MUSIC SOCIAL™

PORTABLE WIRELESS SPEAKER
UE ROLL 2™

UE ROLL 2

The big, bold, beautiful sound of UE ROLL 2 gives adventure a soundtrack. SOUND SO LOUD YOU'LL HAVE TO SHOUT TO BE HEARD. It goes where you go with a stretchy, attachable bungee. All ultra-portable Bluetooth speakers should have one like it – but they don't. You can even attach it to a kayak – it's waterproof.* Like, you could ride the kayak over a waterfall in a monsoon with your tunes blasting out. No problem. Which also makes it the perfect speaker for shower parties! Hang it with the bungee, soap up and enjoy the unapologetically awesome sound. #showerparty *IPX7 rated: can be immersed in liquid up to 1 metre for up to 30 minutes.

BIG, BOLD, BEAUTIFUL SOUND

BIG, BOLD, BEAUTIFUL SOUND. Add a soundtrack to all your adventures with the big, bold, beautiful sound from UE ROLL 2. SOUND THAT'LL MAKE YOU SHOUT TO BE HEARD. SOUND THAT IS 15% LOUDER THAN THE ORIGINAL UE ROLL. That's 15% more unbelievable, unapologetic awesomeness.

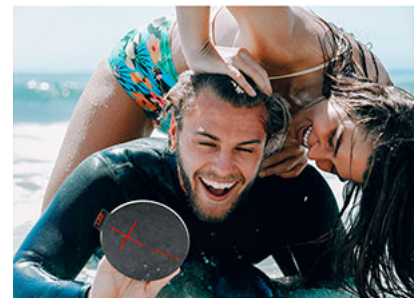

IS THAT A BUNGEE?!
IS THAT A BUNGEE?! Why, yes. Yes, it is. All

NO SERIOUSLY, IT'S WATERPROOF.

GO FARTHER.
GO FARTHER. Technically speaking, UE

ultra-portable Bluetooth® speakers should have a marine-grade bungee – but only UE ROLL 2 has one like it. Which means that no speaker has the same ultra versatility and unique portability. Strap it to your bike, your board, your backpack or wherever else you want to take your music. It'll still be there.

NO SERIOUSLY, IT'S WATERPROOF. Like, you can completely submerge it in water and it will be totally cool. Or you can bungee it to the front of your kayak as you go over a waterfall in a monsoon with tunes blasting. No problem. Which means it's the perfect speaker for shower parties, too! #showerparty

ROLL 2 is in a class of its own. Not only did we increase the wireless range by over 50% from the original UE ROLL, but we also increased the battery life to 10 hours. So more than ever, you and the party can keep going (and going and going).
