

With its 4K video, one-button simplicity and voice control, HERO5 Session might be the ultimate combination of performance and small size.

Now with QuikStories, HERO5 Session sends your footage to your phone where it transforms into a stunning edited video – automatically.¹ You can auto-upload directly to the cloud with a GoPro Plus subscription,² while image stabilisation and a durable waterproof design help you capture life as you live it.

QuikSTORIES

What's Included

KEY FEATURES + BENEFITS

NEW: QuikStories Enabled

HERO5 Session sends your footage to your phone where the app transforms it into a stunning edited video – automatically.¹

Performance + Small Size

HERO5 Session is the ultimate blend of performance and size, with its 4K video, video stabilisation and small, simple one-button design.

4K Video + 10 MP Photo

Stunning 4K video and 10 MP photos in Single, Burst and Time Lapse modes.

Rugged + Waterproof

Durable by design, HERO5 Session is waterproof to 10 m without a housing.

Simple One-Button Control

A single press of the Shutter button powers the camera on and starts recording automatically.

Bluetooth® Technology + Wi-Fi Connectivity

Bluetooth and Wi-Fi make it easy to stay connected with GoPro apps, accessories and more.

Advanced Video Stabilisation

HERO5 Session captures stunningly smooth video handheld, mounted to your favourite gear and more.
