Safety and Care Advice

Important - Please read these instructions fully before starting assembly.

-Check you have all the components and tools listed on page 2 .

-Remove all fittings from the plastic bags and separate them into their groups.

-Keep children and animals away from the work area, small parts could choke if swallowed.

-Make sure you have enough space to layout the parts before starting.

-Do not use this chair as a step ladder.

-Use this product only for seating one person at a time.

-Do not use this chair unless all bolts,screw are firmly secured.

-Do not stand on the product, this could cause damage.

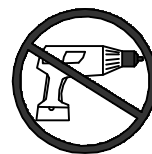

-Assemble the item as close to its final position(in the same room) as possible.

-Assemble on the soft level surface to avoid damaging the unit or your floor.

-Parts of the assembly will be easier with 2 people.

-At least every 4 months, check all bolts, screw to be sure they are tight.

-If parts are missing, broken, damaged or worn, stop use of this product until repairs are made & using factory authorized parts.

-We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.

-Dispose of all packaging carefully and responsibly.

-This maximum safe weight of user : 110 kg.

-Failure to follow these warnings could result in serious injury.

Care and Maintenance.

- Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

- From time to time check that there are no loose screws on this unit.

-This product should not be discarded with household waste. Take to your local authority waste disposal centre.

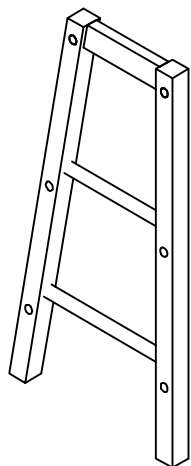

Note:if required the next page can be cut out and used as reference throughout the assembly.Keep this page with these instructions for future reference.
