# Safety and Care Advice

**Important - Please read these instructions fully before starting assembly**

- Check you have all the components and tools listed on pages 2 and 3.
  - Remove all fittings from the plastic bags and separate them into their groups.
  - Keep children and animals away from the work area, small parts could choke if swallowed.
  - Make sure you have enough space to layout the parts before starting.
  - Do not stand or put weight on the product, this could cause damage.
  - Assemble the item as close to its final position (in the same room) as possible.
  - Assemble on a soft level surface to avoid damaging the unit or your floor.
  - Parts of the assembly will be easier with 2 people.
- 
  - We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.
  - Dispose of all packaging carefully and responsibly.
  - The maximum safe weight of user: 110kg.

## Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

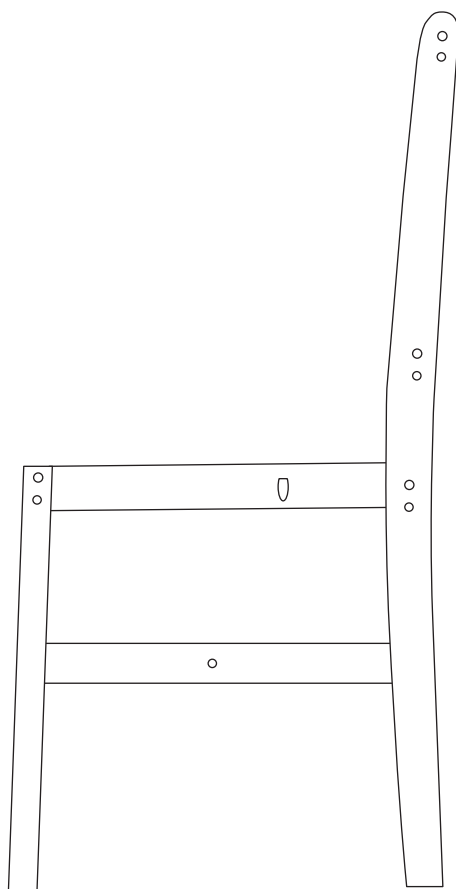

**Note:** if required the next page can be cut out and used as reference throughout the assembly. Keep this page with these instructions for future reference.
