Safety and Care Advice

Important - Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on page 2.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.
- Do not stand or put excessive weight on the product, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Parts of the assembly will be easier with 2 people.
- Dispose of all packaging carefully and responsibly.
- Place the product on flat and steady surface during use.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Keep these instructions for further use.
- To ensure an easier assembly, we strongly advise that all fittings are only finger tightened during initial assembly. Only upon completion of the assembly should all fixing points be fully tightened.
