

**PLATEAU DE MONTAGE**

1. Vérifier que le plateau de montage est correctement installé sur le support.

2. Insérer les composants dans les trous correspondants.

3. Vérifier que les composants sont bien fixés et ne bougent pas.

**RECHÈCHE DE LA SOURCE DE LA PROBLÈME**

1. Vérifier que les câbles sont correctement branchés.

2. Vérifier que les paramètres de configuration sont corrects.

3. Vérifier que les composants sont compatibles entre eux.

**RECHÈCHE DE LA SOURCE DE LA PROBLÈME**

1. Vérifier que les câbles sont correctement branchés.

2. Vérifier que les paramètres de configuration sont corrects.

3. Vérifier que les composants sont compatibles entre eux.

**RECHÈCHE DE LA SOURCE DE LA PROBLÈME**

1. Vérifier que les câbles sont correctement branchés.

2. Vérifier que les paramètres de configuration sont corrects.

3. Vérifier que les composants sont compatibles entre eux.

## UX-3

### WIRELESS CONTROLLER FOR PLAYSTATION®3

Thank you for purchasing the UX-3 Wireless Controller for PlayStation®3 from Giotek.

We hope that this product will go beyond your expectations for a quality made accessory.

Please read this booklet thoroughly before using the product and review the PlayStation®3 manual for additional details regarding system operation.

**PRECAUTIONS**

This product has been designed with the highest concern for safety. However, any electrical device, if used improperly, has the potential to cause harm. To help ensure risk-free use, please pay attention to the following guidelines:

- Do not use the product with water.
- Do not use the product with children under any age.
- Do not use the product with children under 3 years of age.
- Do not use the product with heat or cold, and avoid direct sunlight or heat sources such as heaters.
- Do not use the product with any liquid, and avoid any spillage.
- Do not use the product with any flammable, volatile, or explosive substances, such as gasoline, alcohol, or other such solvents.
- Do not take the product apart.

**ENVIRONMENT**

Please help to conserve the environment by recycling the cardboard packaging of this product.

This product should NOT be disposed of in normal household waste. It should be disposed of as e-waste. Please take it to an electronic waste collection point.

**LEGAL**

This product complies with the following legal regulations. For further info go to [www.giotek.com](http://www.giotek.com).

This device complies with Industry Canada RSS 310 Operating Conditions. It may be used under the following conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause the operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation de cet appareil est soumise aux conditions suivantes: (1) L'appareil ne doit pas produire de brouillage, et (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

**CAUTION:** The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for safe use of exposure conditions. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Giotek hereby declares that this product is in compliance with the essential requirements and other provisions of the EMC Directive (89/313/EEC). To view the full version of the Declaration of Conformity please go to [doc.giotek.com](http://doc.giotek.com).

**PS3 SET UP & PAIRING**

- Ensure 2 x AA batteries are loaded in your controller and that your PS3 console is turned on.
- Plug the USB receiver into one of the USB ports on your console.
- Press the Home button on the controller (The 4 port LED's will flash rapidly while in search mode).
- Press the Home button to confirm the allocated channel port. To add multiple controllers (up to 7) or to assign your controller to a different port go to **Accessory settings > Reassign controller**. Once connected 1 or 2 LEDs around the Home button will light.

**FUNCTION KEYS**

**To Power On:** Press the Home button once until the LED illuminates.

**To Power Off:** Press & hold the Home button for 10 seconds.

**START:** To start/pause a game.

**HOME:** To enter the PS3 menu.

**SELECT:** To select weapons or tools.

**D-PAD:** For moving direction UP/DOWN/LEFT/RIGHT.

**Low Battery:** The chosen channel port LED will flash continuously and motor vibration will stop functioning.

**Sleep Mode:** The controller will automatically enter sleep mode after 5 minutes of inactivity (all LED indication will be OFF). To wake the controller from sleep mode, press the Home button.
