- Stay focussed

Place it anywhere

- Place anywhere you need a light switch

Use as a remote control

- Wireless switch and remote control in one
- Switch between light recipes with just one press

Control multiple lights with one switch

- Control up to 10 lights at once with one switch

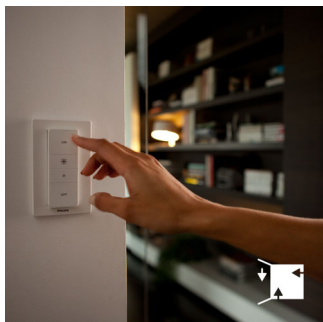

Connect to your Philips Hue system

- Connect to Philips Hue and discover the possibilities

PHILIPS

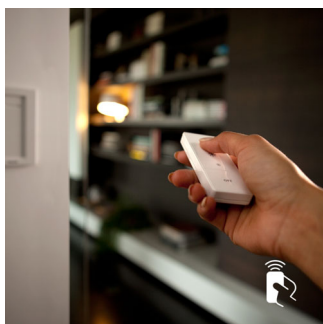

Highlights

Fast and simple installation

The battery-powered Hue Dimmer switch can be used as a regular wall switch. You can place it anywhere you want, using screws or the adhesive tape on the back plate of the switch. It is a fast, simple installation with no wires and no hassle.

Easy wireless control

The switch is magnetic and can be removed from the back plate. This allows you to also use the Philips Hue Dimmer switch as a remote control for your light with an indoor range of up to 12 meters.

Control up to 10 lights

Once you're set up with your Philips Hue Wireless dimming kit, you can easily connect more Philips Hue lights to the dimmer switch.

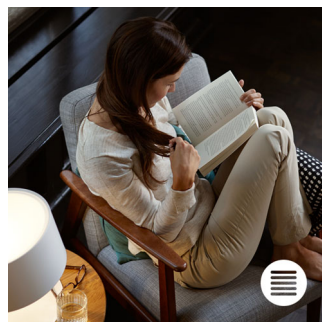

Link up to 10 Philips Hue lights to your dimmer switch and control them simultaneously.

Boost your energy levels

Skip your morning coffee and get ready for the day with cool, bright white daylight that helps to energize your body and mind. Perfect for those moments when you need a kickstart or when your batteries are running low.

Reading

Lose yourself in your favorite novels for hours on end with Philips Hue. It gives you the right white light for a perfect read.

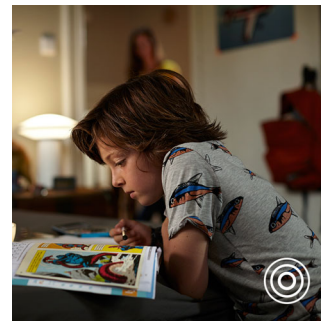

Relax and sleep better

Put your feet up and relax with a soft glow of white light for the perfect end of the day.

Relaxing white light will help you to unwind in the evening and sleep better at night.

Concentrate

Stay focussed with finely tuned bright white light. The best way to get things done quickly and efficiently without distractions, no matter if you're studying for an exam, working from home, or picking an outfit to look your best.

Switch between scenes

Transform your room from a place to study to a place to relax with the press of a button. Use the on-button to quickly switch between the different light recipes, so you can always set the right type of light for your activity or moment.

Connect to Philips Hue

The light recipe kit belongs to the Philips Hue family, so it can be seamlessly integrated with other Philips Hue lights. If you install a Hue bridge in your home, you can easily add the Light Recipe Kit to your system via the Philips Hue app, delivering even more experiences today and in the future. Control your lights from your smartphone or tablet and set timers, notifications, alarms, and more.
