

Maintenance

This fitting is designed for indoor use only.
Do not use polish or abrasive cleaner - just a soft dry cloth.

BULB REPLACEMENT

- 1. Ensure the lamp is disconnected from mains.
- 2. Remove the metal cap, silicon seal ring and glass shade from the metal tube.
- 3. Before replacing the bulb, allow it to cool down for at least 10 minutes.
- 4. Never touch the bulb with your fingers directly, cover it with a cloth.
- 5. Loosen the bulb and remove it from the lamp.
- 6. Replace a new bulb with same voltage and wattage (**Max.4W LED G9, bulbs not included**)
- 7. Attach the glass shade onto the metal tube and secure in place with the silicon seal ring and metal cap.
- 8. Plug the lamp into a suitable mains socket.

Recycling electrical products

You should now recycle your waste electrical goods and in doing so help the environment. This symbol means an electrical product should not be disposed of with normal household waste. Please ensure it is taken to a suitable facility for disposal.

Care & Instruction Manual

For household and indoor use only

Please read and retain these instructions for future reference

Important

- Read these instructions carefully and familiarize yourself with the procedure before assembling the unit.
- Ensure you have enough space to lay out all the parts before assembly.
- Always be sure to use the correct type and wattage of bulbs as indicated on the fitting. Never exceed the wattage stated.
- To avoid scratching it is recommended that you assemble the unit on a soft level surface.
- When changing the bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- This luminaire is Class II insulated.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- The luminaire is designed for indoor use only.
- The product is not suitable for use with a dimmer switch.

Instruction for use

1. Ensure the lamp is disconnected from mains.
2. Fit the bulb: Type and wattage as indicated on the fitting. The wattage indicated must not be exceeded.
3. Remove the two silicon seal rings and metal cap from the metal tube, then screw in the metal tube on to the base.
4. Place one silicon seal ring on top of the metal tube, then attach the glass shade onto it and secure in place with the second silicon seal ring and metal cap.
5. Adjust the shade to a different angle as required.
6. Plug the lamp into a suitable mains socket.
7. Touch the base to switch on and off.
8. This product is not dimmable.
