

ARCHOS Bolt

20 Km/h
Speed

10km
Battery range

Electric
Scooter

Foldable
in 1 second

The ARCHOS Bolt is your new commute companion. Light and easy to **fold**, you will no longer have to use the bus or the bike. Riding the ARCHOS Bolt is also a lot of fun. It can reach a maximum speed of **20 km/h**: the right balance between speed and safety.

As the ARCHOS Bolt is **fully electric**, it's an eco-friendly vehicle that helps protect the environment. Every action, even small, can make a difference for generations to come.

The ARCHOS Bolt is a real piece of technology made with high-end **alluminum alloy**; durable and very resistant materials.

KEY FEATURES

- ▶ 5 gears
- ▶ 10 km of battery life
- ▶ Up to 20 km/h
- ▶ Light; 7.2 kg
- ▶ Kickstand included

PN & UPC CODES

PN	ITEM	UPC
503460	ARCHOS BoltV2 - BK	690590034600
503461	ARCHOS BoltV2 - Silver	690590034617

The ARCHOS Bolt is easy to operate. Almost anyone can ride it. It can support up to 100kg.

The LED screen allows you to keep track of the kilometers you've travelled. The battery status is also present.

Moreover, the max speed can be adjusted right from the handle bar.

It cannot be more easy to carry the ARCHOS Bolt. Thanks to the fact that it can be folded in a snap, you will be able to keep it with you at all times. It's so compact. The ARCHOS Bolt doesn't weigh much so it's easily manageable.

Safety is our top priority. We've specifically designed the breaks to ensure that is the case.

In addition to the back wheel brake, the engine break stops the ARCHOS Bolt very quickly.
