Safety and Care Advice

Important – Please read these instructions fully before starting assembly

- Check you have all the components and tools listed on pages 2, 3 and 4.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.

- Do not stand or put weight on the product, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit or your floor.
- Parts of the assembly will be easier with 2 people.

- We do not recommend the use of power drill/drivers **for inserting screws**, as this could damage the unit. Only use hand screwdrivers.
- Dispose of all packaging carefully and responsibly.

Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

IMPORTANT - READ CAREFULLY -RETAIN FOR FUTURE REFERENCE

ASSEMBLY:

Always follow the instruction. Current legislation requires that the high bed / bunk bed must be fitted with 4 safety-rails and a ladder or platform for the upper bunk. The high bed / bunk bed meets the European EN 747:2012 A1:2015 standards for security and durability.

MATTRESS:

This bed is designed to use a mattress size 190 cm long and 90 cm wide. The total thickness must not exceed 16,1 cm. The mattress top must not pass the marking on the ladder / the post for the safety-rail.

WARNING:

High beds and the upper bed of bunk beds are not suitable for children under six years due to the risk of injury from falls. Bunk beds and high beds can present a serious risk of injury from strangulation if not used correctly. Never attach or hang items to any part of the bunk bed that are not designed to be used with the bed, for example, but not limited to ropes, strings, cords, hooks, belts and bags. Children can become trapped between the bed and the wall, a roof pitch, the ceiling, adjoining pieces of furniture (e.g. cupboards) and the like. To avoid risk of serious injury the distance between the top safety barrier and the adjoining structure shall not exceed 75 mm or shall be more than 230 mm.

Do not use the high bed / bunk bed if any structural part is broken or missing.

MAINTENANCE INSTRUCTIONS:

Check regularly that all assembly fastenings are properly tightened. Ventilation of the room is necessary in order to keep the humidity low and to prevent mould in and around the bed.

Components - Parts

If you have damaged or missing components, call the **Customer Helpline: 0045 7668 8055**

Please check you have all the parts listed below

1 Slat x30
(89.7x6.5x1.5cm)
No. 12-01508971

2 List f. safety x2
(31.8x2.8x1.2cm)
No. 12-01203181-65

3 Tread (w/ 4 holes) x1
(35.0x6.5x2.0cm)
No. 12-02003503-65

4 End panel x4
(87.7x27.6x0.8cm)
No. 4301-0808771-65

5 Tread (w/ 3 holes) x1
(35.0x6.5x2.0cm)
No. 12-02003504-65

Components - Parts

Please check you have all the parts listed below

10 Safety rail 3/4 x2
(149.7x6.5x2.0cm)
No. 12-02014971-65

11 Safety rail 1/1 x2
(186.7x6.5x2.0cm)
No. 12-02018673-65

12 Ladderside bunkbed x1
(114.8x8.9x2.0cm)
No. 12-02011481-65

Components - Fittings

Please check you have all the fittings listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

A  No. 3913-06090 M6x90mm Connecting bolt x8	B  No. 3922-06014 M6 Ø10x14mm Barrel nut x8	C  No. 3901-45040 4,5x40mm Chipboard screw x4
D  No. 3930-10045 10x45mm Dowel x22	E  No. 3901-40030 4,0x30mm Chipboard screw x72	F  No. 3909-63050 6,3x50mm Assembly screw x8
G  No. 3939-00012-65 ø12x10mm Cover cap wood x3	H  No. 3938-00010-19 ø10mm Cover cap x20	J  No. 3909-63090 6,3x90mm Assembly screw x41
K  No. 3938-00007-19 ø7mm Cover cap x40	M  No. 3901-45060 4,5x60mm Chipboard screw x3	N  No. 3934-10088 ø10x88mm Connecting double bolt x4
L  No. 3938-000081-19 ø8mm Cover cap x8	O  No. 4008-022 70x40,5x20mm Angle x2	

Tools required

Phillips
screwdriver
(medium)

Flatblade
screwdriver
(medium)

Allen key
4mm incl.
No. 4033-004

Small
hammer

Ruler/tape
measure

Eye protection
(when using a
hammer or glue)

Assembly Instructions

Step 1

Insert dowels **D** to bedsides **7** – and to all the safety rails **10** and **11**.

It may be necessary to tap the dowel in very gently with a small hammer.

Repeat same procedure for all bedsides **7** and all safety rails **10** and **11**.

Step 2

Insert the connecting double bolts **N** to all the short legs **8**

Twist /turn the bolt to follow the hole $\varnothing 6,8$ mm

Counter sunk 5 mm hole should face same direction as bedside drilling

Assembly Instructions

Step 3

Attach leg **9** to endrails **6** with screws **J** using the allen key.

Attach leg **8** to endrails **6** with screws **J** using the allen key.

Repeat same procedure for both headboard and footboard

Step 4

During assembly of headboard and footboard, you must decide if the grooves in the MDF panels, should face in or out of the bed

Slide panel **4** between endrails **6**.

Attach legs **8/9** to endrails **6** with screws **J** using the allen key.

Repeat same procedure for both headboard and footboard

Assembly Instructions

Step 5

Attach bedside **7** and both safety rails **11** to the bed firstly by placing the dowels in holes in the legs.

Push barrel nuts **B** into the 2 small holes in bedside **7** push 1 connecting bolt **A** through each leg **9** to meet barrel nuts **B** and then fasten with the allen key.

Push 4 assembly screws **J** through legs **9** to meet the safety rails **11** and then fasten with the allen key.

Step 6

Attach bedside **7** to the bed firstly by placing the dowels in the holes in the legs.

Push 2 barrel nuts **B** into the small holes in bedside **7** push 1 connecting bolt **A** through each leg **9** to meet barrel nuts **B** then fasten with the allen key.

Step 7

Attach bedside **7** to the bed firstly by placing the dowels in the holes in the leg.

Push 2 barrel nuts **B** into the small holes in bed sides **7** push one connecting bolt **A** through each leg **8** to meet barrel nuts **B** and then fasten with the allen key.

Assembly Instructions

Step 8

Attach the 2 beds by putting the one bed (with legs **9**) in top of the other bed.

Attach the connecting double bolt **N** in legs **8** with the upper bed by screws **C** through legs **9**.

Step 9

Push 2 assembly screws **J** through the leg **9** to meet the safety rails **10** and then fasten with the allen key.

Ladder can be positioned left or right !

Step 10

Attach the tread **3** and **5** to the ladderside **12** with the screws **F**

Attach the treads **3** and **5** to the leg **8** and **9** with screws **J**

Attach the ladderside **12** with the safety rails **10** with screws **F**

Attach the ladderside **12** with the bedsides **7** with screws **M**. Insert cover caps **G** in the holes.

Assembly Instructions

Step 11

Place 1 slat **1** in the center of the bed and two slats **1** in both ends of the bed, 16mm from bed ends. Follow the measurements.

Push the bed sides **7** together whilst attaching slat **1** to the bed with 2 chipboard screws **E**

Position the remaining 12 slats **1** in the bed with a distance of 63 mm between each.

Fasten each slat **1** with 2x chipboard screws **E**

Assembly Instructions

Step 12

Attach the safety list **2** inside the bed, on the front safety rails **10**. Should be in the center of the front guards between the slats.

Attach it **2** to the safety rails **10** and bedside **7** with chipboard screws **E**

Follow the measurement.

Attach the safety list **2** on the outside of the bed, on the back safety rails **11**. Should be in the center of the back guards.

Attach it **2** to the safety rails **11** and bedside **7** with chipboard screws **E**

Follow the measurement.

Attach wall mounting brackets **O** to legs **9** with screws **E**.

Max. mattress height !

Assembly is complete.

DK: Max. madrashøjde
 D: Max. Höhe der Matratze
 GB: Max. height of mattress
 F: Hauteur max. du matelas
 I: Altezza max. materasso
 E: Altura del colchon maximo
 NL: Maximale matrashoogte
 CN: 最大床褥之最高高度

Conforme aux exigences de sécurité des normes en vigueur. Le couchage en hauteur ne convient pas à des enfants de moins de six ans !

Max mattress height!

Assembly Instructions

Note: To achieve the single bed look shown on the picture, one end of the upper bunk (assembled components **4**, **6** and **9**) should be swapped over with the lower bunk (assembled components **4**, **6** and **8**).
