Address: 489-499 Avebury Boulevard Saxon Gate West, Central Milton Keynes Bucks, MK9, 2NW

Issue 2: 05/11/12

Safety and Care Advice

Important Please read these instructions fully before starting assembly

- Read these instructions carefully and familiarise yourself with the procedure before assembling the unit.
- Check that you have all the component parts following the list on the back cover and familiarise yourself with each part before proceeding.
- Take all the fittings out of the plastic bag and separate them into their groups.
- Ensure you have enough space to lay out all the parts before assembly.
- To avoid scratching it is recommended that you assemble the unit on a soft level surface.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- This product is manufactured from toughened safety glass. In the unlikely event that the glass fails it will break into a large number of small fragments that may be spread over a wide area.
- This is a feature of toughened glass, designed to remove the risk of injury from glass breaking into large shards.
- If the glass is chipped or broken, replace with the same type of glass. Consult the furniture retailer or agent with regard to obtaining a manufacturing specification of the shape for replacement glass quoting the model numbers, and batch number or date of manufacture of this item.
- It would be useful to ask someone to help you during assembly.
- Dispose of all packing carefully and responsibly.
- Suggest to complete this product assembly by two people.
- Do not place very hot or cold items against or in close proximity to glass surface unless an adequately thick insulating material is used to prevent such items from coming into contact with the glass.
- Do not use the glass as a chopping surface. Do not strike the glass with hard or pointed items.
- Do not sit or stand on the glass surface, as this would be hazardous.
- Do not over-tighten as this may damage the glass.
- **Warning:** The unit weighs approximately 9.6 kgs.

Please lift with care.

Care and maintenance

- To avoid any risk of suffocation to animals or children dispose of the plastic bags immediately.
- As with all surfaces clean with a damp cloth and mild detergent, rinse thoroughly and dry the frame completely.
- Do not use washing powders or any other substances containing abrasives since these substances scratch glass.
- In order to prolong the life and beauty of your table, we recommend the use of furniture covers and store in a dry and secure area when not in use.
- When moving the table, lift the table, do not drag.
- From time to time please ensure there are no loose screws on the product.

Components-Parts

If you have damaged or missing components,
call the Customer Helpline: 03456 400 800

Please check you have all the parts listed below

1 left leg x 1

Assembly Instructions

Step3

Put glass **5** on the table top frame .

- During assembly do not lay the glass directly onto hard or rough surfaces. We recommend laying the glass on a blanket or cardboard during assembly. You could even use the box.
- When lifting or moving the product, ask for someone to lend a hand, trying to move a product on your own can lead to accidents.

Step 4

Assembly is complete

Glass Guidelines

During assembly do not lay the glass directly onto hard or rough surfaces. We recommend laying the glass on a blanket or cardboard during assembly. You could even use the box.

When lifting or moving the product, ask for someone to lend a hand, trying to move a product on your own can lead to accidents.

Do not use furniture if any parts are missing or broken. Contact your retailer immediately.

Do not place very hot or very cold items, such as saucepans or barbecues, directly on the glass surface. Extreme temperature differences over small areas can damage glass.

Do not sit or stand upon the glass surface.

Do not strike the glass with hard or pointed items, or use the glass as a chopping surface.

Do not drag rough or heavy objects over the top of the glass.

We recommend using place mats, coasters and table cloths to help protect against scratches and accidentally dropped items.

Clean the glass regularly to make sure there are no grit on the top.

Do not clean glass with washing powders or any other substances containing abrasives, since these substances can scratch glass.

For tables that can be used outdoors, if your table has a parasol, make sure the edge of the parasol cut-out has a protector in place. In addition always use a weighted parasol base, and remove the parasol in windy conditions. Parasols can put pressure on the table top or even blow the table over in windy weather.

For tables that can be used outdoors it is advised that the table is kept covered when not in use to protect the glass from the weather and accidental damage.
