

# White Mirrored Cabinet With EXT Shelves

**Assembly Instructions** – Please keep for future reference

833/0325

## Dimensions

Width - 60cm

Depth - 16.5cm

Height - 58cm

**Important** - Please read these instructions fully before starting assembly

If you need help or have damaged or missing parts, call the Customer Helpline: 08456 400800

# Safety and care advice

**Important - Please read these instructions fully before starting assembly**

- Check you have all the components and tools listed on pages 2 and 3.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.
- Do not stand or put weight on the panels, this could cause damage.
- Assemble the unit as close to its final position (in the same room) as possible.

- Assemble on a soft level surface to avoid damaging the unit or your floor.

- **Note:** Only apply the glue once you are sure of the assembly.

- The wall plugs supplied are suitable for solid walls only. It is important that the correct type of fixing is used for your wall, seek professional advice if in doubt.

- Parts of the assembly will be easier with 2 people.

- If using power tools, please follow the safety instructions supplied with the tools.

- We do not recommend the use of power drill/ drivers for inserting screws, as this could damage

the unit. Only use hand screwdrivers.

- **Warning:** Before drilling, check the wall for hidden pipes and cables.

- Dispose of all packaging carefully and responsibly.

**Glue safety - Take care when using glue, please follow the advice below**

**Skin contact:** Remove contamination by washing with soap and water. This procedure should also be followed prior to eating and drinking.

**Eye contact:** Rinse immediately with clean water for 15 minutes and seek medical advice.

**If swallowed:** Seek medical advice immediately. If possible show product information or label to the medical advisor.

## Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

- From time to time check that there are no loose screws on this unit.

- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

**CAUTION:** please do not place metal containers on the shelves – as this could mark the paint

**Note:** if required the next page can be cut out and used as a reference throughout the assembly. Keep this page with these instructions for future reference.

# Components - Panels

If you have damaged or missing components,  
call the Customer Helpline: 08456 400800

Please check you have all the panels listed below

1 Top Panel

2 Bottom Panel

3 Door

4 Left side Panel

5 Right side Panel

6 Back Panel

7 Left & Right back Panel x 2

8 Shelf x 4

9 Adjustable Shelf

# Components - Fittings

Please check you have all the fittings listed below

Note: The quantities below are the correct amount to complete the assembly. In some cases more fittings may be supplied than are required.

<b>A</b>  Wooden Dowel x 20	<b>B</b>  Locking Pin x 4	<b>C</b>  Locking Nut x 4
<b>D</b>  35mm Screw x 18	<b>E</b>  Plastic Support x 4	<b>F</b>  12mm Screw x 2
<b>G</b>  Hinge x 2	<b>H</b>  Door Knob x 1	<b>I</b>  Bolt x 1
<b>J</b>  Magnetic Catch x 1	<b>K</b>  Strike Plate x 1	<b>L</b>  16mm Screw x 6
<b>M</b>  Hanger Bracket x 2	<b>N</b>  Screw Cap x 12	<b>O</b>  Wall Plug(for solid wall only) x 2
<b>P</b>  10mm Screw x 10		

## Tools required

	Phillips screwdriver (medium & large)			Small hammer
	Flatblade screwdriver (medium)			Ruler/tape measure
	7mm Suitable drill bit (for use with wall plug)			Eye protection (when using a hammer or glue)

Ruler – Use this ruler to help correctly identify the screws

# Assembly Instructions

## Step 1

### Assembling side panels

NOTE: It would be useful to ask someone to help you at this stage.

a: Insert dowels **A** into shelves **8** and use screws **D** to fix the shelves **8** on left & right back panels **7**.

a:

b: Insert dowels **A** into shelves **8**.

Insert locking nuts **C** into back panels **7**.

Screw locking pins **B** into left side panel **4** and right side panel **5**.

Attach left side panel **4** to left back panel **7** and right side panel **5** to right back panel **7**.

Tighten the locking nuts **C** to secure the unit.

b:

# Assembly Instructions

## Step 2

### Assembling bottom panel

NOTE: It would be useful to ask someone to help you at this stage.

Insert dowels **A** into bottom panel **2** and use 35mm screws **D** to fix the bottom panel to side panels **4** & **5**.

## Step 3

### Assembling top and back panels

NOTE: It would be useful to ask someone to help you at this stage.

Carefully slide the back panel **6** into the unit.

Attach magnetic catch **J** to the underside of the top panel **1** using 12mm screws **F**.

Insert dowels **A** into back panel **7** and use 35mm screws **D** to fix the top panel **1** to the unit.

# Assembly Instructions

## Step 4

### Assembling door panel and adjustable panel

NOTE: It would be useful to ask someone to help you at this stage.

a: Use 10mm screws **P** to fix strike plate **K** onto door panel **3**.

Use 10mm screws **P** to fix hinges **G** onto door panel **3**.

Use bolt **I** to fix the knob **H** onto the door panel **3**.

b: Carefully use screws **P** to fix the hinges **G** onto side panel **4**.

Insert plastic supports **E** into side panels **4** and **5**, carefully put adjustable shelf **9** on it.

b:

# Assembly Instructions

## Step 5

### Finishing the unit

NOTE: It would be useful to ask someone to help you at this stage.

a: Insert the screw caps **N** over the screw holes on the outside.

b: Use 16mm screws **L** to fix hanger brackets **M** onto the unit.

Use 35mm screws **D** and wall plug **O** to fix the unit onto the wall.

With help, place the unit in the intended position.

NOTE: Please make sure the unit is secure before use

The assembly is now complete

Argos LTD, 489-499 Avebury Boulevard,  
Central Milton Keynes, MK9 2NW

# A Guide to - Wall Mounting & Fixings

## Important note:

If plastic wall plugs are supplied with your product:

- these are only suitable for use in masonry walls.

If you are in any doubt about the correct wall plugs for your wall, seek professional advice.

Failure of the product due to using incorrect fixings is the responsibility of the installer.

**Important:** When drilling into walls always check that there are no hidden wires or pipes etc.

Make sure that the screws and wall plugs being used are suitable for supporting your unit. Consult a qualified tradesperson if you are unsure.

## Hints:

- 1: General rule:**  Always use a larger screw and wall plug if you are not sure.
- 2:** Ensure you use the recommended drill bit to match the wall plug and hole size.
- 3:** Ensure you drill the hole horizontally, do not force the drill or enlarge the hole.
- 4:** Take extra care when drilling high walls, ceilings and ceramic tiles. Ensure wall plugs are inserted beyond the thickness of the ceramic tiles to avoid the tiles splitting or cracking.
- 5:** Ensure wall plugs are well fitted and are a tight fit in the drilled hole.

## Types of walls

You can use one of the following types of wall plug if your walls are made of brick, breeze block, concrete, stone or wood.

### No.1 "General Purpose" wall plug

Generally aerated blocks should not be used to support heavy loads, use a specialist fitting in this case. For light loads, general purpose wall plugs can be used.

### No.2 "Plasterboard" wall plug

For use when attaching light loads on to plasterboard partitions.

### No.3 "Cavity Fixing" wall plug

For use with plasterboard partitions or hollow wooden doors.

### No.4 "Cavity Fixing-Heavy Duty" wall plug

For use when fitting or supporting heavy loads such as shelving, wall cabinets and coat racks.

### No.5 "Hammer Fixing" wall plug

For use with walls stuck with plasterboard. The hammer fixing allows it to be fixed to the wall rather than the plasterboard. Always check the fixing is secure to the retaining wall.

### No.6 "Shield Anchor" wall plug Heavy loads

For use with heavier loads such as TV & HiFi speakers and satellite dishes etc.

## Care & Maintenance

**Safety:** Always check the fitting and location to ensure your safety in and around the home.

**Fitting:** From time to time check the fitting to ensure the wall plugs or screws do not become loose.
