G203 Prodigy Gaming Mouse

Play to your full potential by being more accurate than you've ever been before. G203 Prodigy is built around an all-new 6000 DPI sensor. Like Logitech G Pro Gaming Mouse, G203 has a classic design and simple lines inspired by the legendary Logitech G100s Gaming Mouse. Gaming-grade performance ensures near-instantaneous response to movements and clicks. Choose your lighting from up to 16.8 million colours. Logitech leads innovative advances in gaming technology with over 30 years of experience researching and testing products in our state-of-the-art labs. With G203 Prodigy, the game gets better, and so do you.* *Logitech Gaming Software is required to customise profile settings.

Key features

Logitech® G203 Prodigy Gaming Mouse

Gaming-grade performance

- 8x faster than standard mice
- Accurate 6,000 DPI optical sensor
- Customisable RGB lighting with 16.8 million colours
