# An Italian Affair

---

It's no secret that Italian food is one of the most loved delicacies across the world. Most widely recognised for traditional pizza and pasta dishes, Italian cuisine has inspired the menus of global restaurants, takeaway chains and family kitchens for decades. Appreciate the finest flavours, textures and aromas from Prezzo's carefully compiled menu of Italian-inspired favourites alongside a glass of wine, a bottle of Peroni or a soft drink. From the phenomenon of the Margherita pizza to the flavours offered only by the Tre Carne Calzone, Prezzo's set menu includes a variety of their most popular recipes, perfect for meat-lovers, fish enthusiasts, vegetarians and those with a sweet tooth.

Pizza is a dish which has certainly made its mark on the world of food. Despite being associated with junk food in recent years, when stripped back to its roots, pizza's ingredients epitomise the fresh, delicious flavours for which Italy is so renowned. The pizza we all know and love today began to take shape back in the late 18th century when tomato was added to focaccia bread and found to be a delicious combination.

100 years later, Neapolitan pizza maker, Raffaele Esposito, garnished focaccia with tomatoes, mozzarella and basil to represent the national colours of Italy and to honour Queen Margherita of Savoy. Raffaele's gesture went down very well and the Margherita now exists as one of the most-loved traditional Italian pizzas worldwide. Prezzo's twist on the classic combines creamy mozzarella with fresh tomatoes and basil to create an unmistakable appearance and blend of flavour. If you'd like a bit more bite to your base, the Tre Gusti pizza is made up of the delicious combination of pepperoni, seasoned chicken, pancetta, rosemary, mozzarella and tomato.

## Pasta La Vista

Meanwhile, pasta is a versatile yet magnificent staple ingredient in many Italian dishes. The passionate relationship between Italy and pasta spans across many centuries and even journeyed over waters to reach the household status it holds today.

A descendent of the ancient Chinese noodle, pasta is thought to have been introduced into Italian culture by the explorer Marco Polo way back in the 13th century. Although once reserved for the banquets of the Italian elite, pasta's versatility, affordability and ability to be stored easily has resulted in the many forms of pasta becoming an essential staple in millions of pantries. With over 350 different types of pasta across the globe, one of the most iconic forms is of course, spaghetti.

Rising to fame following the classic scene between the Lady and the Tramp in 1955, spaghetti has been associated with romantic, moonlit meals ever since. Prezzo offer two delicious dishes featuring pasta in this renowned form; the Spaghetti Carbonara and Spaghetti King Prawn. While the hearty classic Spaghetti Carbonara serves pancetta and crispy prosciutto in a carbonara sauce with parsley, the Spaghetti King Prawn combines fresh seafood with spinach, red onion, red chilli and garlic, presented with a pomodoro sauce.

Although vegetables may not be at the forefront of your mind when imagining a traditional platter of Italian food, they are in fact used as an essential ingredient across many recipes. Besides tomatoes, vegetables such as courgettes, peppers, aubergine, olives and onions are used in abundance alongside fresh basil, oregano, rosemary and of course, plenty of fresh garlic.

Prezzo's Roasted Pepper and Goats Cheese Pizza is another excellent meat-free option which combines sun-blushed tomatoes, olives, rosemary and mozzarella on a roasted red pepper tapenade base.

Meanwhile, the full-flavoured starter of Baked Mushrooms followed by the Penne Alla Norma, made up of grilled aubergine, garlic and basil in a creamy pomodoro sauce, could be the ideal main and starter pairing for those who love a meat-free meal.

# An Italian Vegucation

## La Dolce Vita

Any native Italian will tell you that no traditional meal is complete without the grand finale of dessert. With years spent dedicated to forming the perfect end to a meal, Italian cooking is well-versed in the art of dessert creation. For your sugar fix, Prezzo have created a short and sweet list of desserts renowned for appealing to the masses. Why not select a trio of mini Panna Cottas served with a fruit compote? Originating from the northern Italian region of Piedmont, the term translates into "cooked cream", which perfectly describes the light, creamy texture and comforting vanilla flavour.

Alternatively, select the Sticky Toffee Pudding, served with hot butterscotch sauce and vanilla ice cream. With roots actually embedded in British culture, the Sticky Toffee Pudding has been given a Prezzo style twist, committing to Italian spirit and providing a warm and comforting finish to any meal. Ideal for chocoholics, the third dessert option is the Milk Chocolate Fudge Cake, finished with chunks of chocolate brownie and served with vanilla ice cream.

Italy has a long, passionate history with chocolate and an extensive résumé when it comes to the creation of legendary chocolate-based treats. Much like wine production, Italy have regions renowned for crafting chocolate, with the most famous locations including Perugia, Tuscany's "Chocolate Valley" and Torino, whose chocolatiers are constantly innovating indulgence.

As well as signature Italian dishes like pizza and pasta, the Prezzo menu offers other options suited to a wide range of palates and dietary preferences. From the rich Calabria Burger packed with quality meat, to the delicious layered Chicken, Bacon and Avocado or Classic Caesar salad for those who prefer a lighter bite, there's plenty of choice.

Take the time to read through your options and decide which dishes will suit your tastes, leaving you salivating after every bite.
