# Safety and Care Advice

**Important – Please read these instructions fully before starting assembly**

- Check you have all the components and tools listed on pages 2.
- Remove all fittings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before starting.

- Do not stand or put weight on the product during assembly, this could cause damage.
- Assemble the item as close to its final position (in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the chair or your floor.
- Parts of the assembly will be easier with 2 people.

- We do not recommend the use of power drill/drivers for inserting screws, as this could damage the unit. Only use hand screwdrivers.
- Dispose of all packaging carefully and responsibly.
- Maximum safe seated weight: 110kgs.

## Care and maintenance

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this chair.
- This product should not be discarded with household waste. Take to your local authority waste disposal centre.
- Make sure each screw matches the corresponding figure to ensure correct assembly.
- Do not fully tighten all screws until assembly is complete.

## Friendly Tips

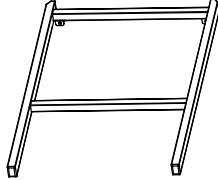

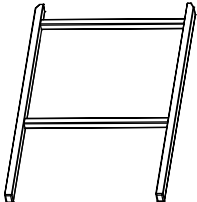

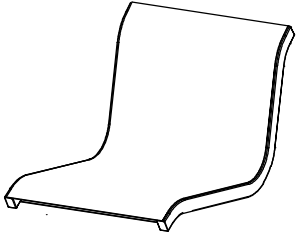

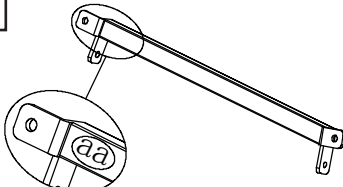

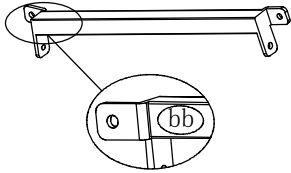

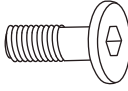

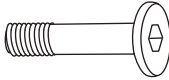

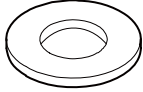

- Do not fully tighten all screws until assembly is complete.
- Make sure the assembly will be easier with 2 people.
