Safety and Care Advice

General care and maintenance

Take care when moving furniture - dragging pieces across the floor will damage the joints.

Avoid exposing your furniture to direct and prolonged periods of sunlight and heat sources as fading and cracking may occur.

Take care to prevent sharp objects e.g. toys, buckles and heels from coming into contact with your furniture, and avoid contact with chemicals e.g. cosmetics or hairs products which may permanently mark the surface.

Cleaning and care for wooden frame

Dust regularly with a clean dry cloth. Wipe up any spills immediately with a damp cloth and then dry the surface with a clean dry duster. Repeat this procedure for periodic cleaning.

The use of furniture polish or spray is not necessary or recommended.
