PSR-F51

Easy, user friendly and fun!

Our principal aim in designing the PSR-F51 was easy functionality that is both straightforward and user-friendly.

As a result, we have developed a keyboard that anyone will find easy to operate and play. Using the intuitive panel, simply select a voice and rhythm to start playing. The PSR-F51's compact and lightweight design packs in a regular size keyboard together with 120 voices and 114 rhythms from all over the world. What's more, this instrument is ideally suited to a wide range of different playing scenarios; not only is the PSR-F51 great for beginners and students, you can also power it with batteries for musical performance "on-the-road".

- **Easy, user friendly and fun!**
- **Voices and Styles from all over the world**
- **Powerful sound**
- **Useful functions for practice including a Metronome and Duo mode**
